## "GUM SHOE" BURNS DESERTS THE FORD TRIAL, AS DOES HIS MASTER, RUDOLPH SPRECKELS, AND IT CAUSES COMMENT

### Talesmen Still Express Opinions Favorable to Defense

(SPECIAL TO THE TRIBUNE.)  
SAN FRANCISCO, April 17.—The trial of Tires L. Ford on the alleged charge of bribery, opened this morning with a return by the sheriff on the summons of talesmen for the purpose of securing four men to complete the jury. Of the fifty talesmen whose names were yesterday withdrawn about fifty per cent appeared in court.

Tires L. Ford came into the court room attended by his counsel, A. A. Moore, Stanley Moore, Lewis F. Byington and W. M. Abbott. For the second time since the opening of the trial Patrick Calhoun was absent, being detained. It was understood, in his office by personal business.

O'Gara sat alone as the representative of the prosecution. The chair beside him, usually occupied by Detective Burns, was vacant. This was also true of a chair in front of newspaper row, which is generally used by Rudolph Spreckels when he appears in court.

The absence of both Burns and Spreckels occasioned comment among the auditors. Many of those who expressed themselves holding that the two chiefs of the graft prosecution had despaired of securing the conviction of the defendant and had concluded to devote their energies in some other direction.

This opinion was based on the fact that so large a number of the talesmen thus far examined had expressed opinions to the effect that the defendant was innocent. The first talesman examined by O'Gara was J. C. Kortick, a manufacturer.

#### Knew Railroad Officials.

"I have," he said in answer to questions, "an opinion in the case. I am personally acquainted with the officials of the United Railroads and do quite an amount of business with them."

In response to questions by Stanley Moore the talesman said: "My mind is perfectly well set by the reading of the papers. I could not render a verdict against the defendant."

#### Favorable to Ford.

O'Gara, who is engaged in the manufacturing business, said in response to questions by O'Gara that he did not think he could rightly sit on the jury because he had an opinion which he did not think could be removed. The opinion was favorable to the accused.

"How did you come to form the opinion?" asked Stanley Moore.

"From reading the newspapers."

"When did you form that opinion?"

"After the last Ford trial."

"Did you read the testimony of the former Ford trial?"

"Yes, sir, I did."

"Do you think you could give the defendant a fair trial?"

"My verdict would be tinged by the opinion I hold."

The talesman was excused.

L. H. Van Wick was pronounced in his manner and method of expression of confidence in General Ford.

"Have you," said O'Gara, "an opinion in this case?"

"I have."

"How long have you had it?"

"For the last two or three months."

"Have you any prejudice against the prosecution?"

"I have."

#### Long-Standing Prejudice.

"How long have you held that?"

"For a number of months."

"What was the origin of your opposition to the prosecution?"

"I don't believe in the prosecution because of its granting immunity to the supervisors."

"You don't believe in granting them immunity?"

"No."

"You don't think that ought to have been done to aid the cause of justice?"

"It didn't help it along any."

"If you come to the conclusion that because the supervisors had been allowed to go all the others ought to be allowed to go, too?"

"Yes."

Van Wick was excused.

#### Dislikes Prosecutors.

Louis Kuh of 1354 Fell street was even more pronounced in opposition to the prosecution than Van Wick. Without hesitancy he informed O'Gara that he had had an opinion in the case for quite a while.

"How was that opinion formed?" asked the assistant district attorney.

"The opinion I have formed," the talesman replied, "was inspired by the tactics of the prosecution."  
"You have a prejudice against the prosecution?"  
"Yes."  
"For how long? What in particular caused you to form this opinion?"  
"I don't like the crowd."  
"Which of those connected with the prosecution are the ones you don't care for?"  
"I don't care to state."  
"I would like an answer."  
"Well, I have no liking for Haney. I don't care for Langdon, and the supervisors, I wouldn't believe under oath."

"Do you know Rudolph Spreckels?"  
"I do. I have no use for him, and I would not believe the Bulletin under oath."  
Kuh was also excused.  
Believes Ford Innocent.  
Nicolo Perisco told O'Gara that he did have an opinion in the case and that it was in effect that the defendant, Ford, was not guilty.  
"Have you any opinion as to whether"

## HOUSE COMMITTEE OF CONGRESS TABLES THE ALDRICH BILL

WASHINGTON, April 17.—The House committee on banking and currency today voted unanimously to table the Aldrich financial bill. It also was decided to give a hearing tomorrow to Representative Vreeland of New York, who recently introduced a financial bill which is looked upon as a substitute for the Aldrich measure.

#### Discussion Short.

The discussion in committee was brief, the only point debated was as to whether or not the committee should make a formal report giving its reasons to the House for its unfavorable action and the conclusion finally was reached that no reasons should be given. Consequently, the committee's report will be a mere statement of the action of the committee. Of the nineteen members of the committee, thirteen were present at today's meeting. They included Hayes of California, Gillespie of Texas and Chairman Fowler.

#### Vreeland Bill.

The Vreeland bill introduced in the House last week as a substitute for the Aldrich bill and which, it is understood, is to be considered at a Republican caucus to be held next week, was not considered at today's meeting of the committee. It was decided, however, to give a hearing tomorrow to Representative Vreeland.

#### Fowler's Bill.

The bill introduced yesterday by Chairman Fowler providing a currency commission also will be considered at the meeting of the committee tomorrow. The commission idea apparently has many friends in the committee. A hearing will also be granted to Representative Vreeland on his bill to incorporate the American Trust Company of America.

Two other measures will receive consideration at this meeting. The Daltell bill making it a misdemeanor to circulate false reports regarding national banks and the Freedman's bank bill recently passed by the Senate.

#### Dewey Unable to Take Part in Fleet Reception on Coast

WASHINGTON, April 17.—With expression of sincere regret, Admiral Dewey has declined invitations to participate in the festivities incident to the entertainment of the Atlantic battleship fleet on the Pacific coast. The invitations came from all the cities where the fleet is to stop, but to each of them the Admiral, while indicating his appreciation of the honor shown him, was compelled to return a negative answer.

#### American Car Sails With German Autos

SEATTLE, Wash., April 17.—On the steamship Glenlogan, the American and German cars, in the New York-to-Panama automobile race, will leave Seattle tomorrow afternoon at 5 o'clock. The American car arrived here from Alaska this morning on the steamship Bertha, having failed to make any impression whatever on Alaska's snow and ice trails. The German car, North, is scheduled to arrive here this afternoon at 5 o'clock from Ogden.

## TROOPS OUT FOR RIOTS

### State Police, Heavily Armed, March Into City Where Street Car Strike Has Tied Up Trolley Lines.

CHESTER, Pa., April 17.—The three troops of the State police, which were ordered to Chester late yesterday afternoon by Governor Stuart because of the street car strike, arrived today. The troops, A of Greensburg, B of Wilkesbarre and C of Reading, aggregate about 150 men. They will make their headquarters in the car barn of the Chester Traction Company at 138 Edgemont street, which also will be turned into a temporary prison.

The troops, it is said, will search all suspicious persons for firearms, prevent crowds congregating and protect the cars of the company if an attempt is made to resume traffic. About 200 private detectives went on duty today and will co-operate with the State police. In addition to these, the sheriff of the county has about 200 special deputies in service.

#### No Disturbance.

There was no disturbance during the night and the city is quiet today. The company may attempt to resume the running of cars today.

John A. Rigg, president of the United Power and Transportation Company, which controls the Chester traction company, has refused a request made last night by the Chester Board of Trade to arbitrate.

He said: "Chester is in the hands of the Governor and the police are mobilizing. No cars will start until the streets are cleared nor will we run any cars while there is any danger of bloodshed." James Lynch, one of the striking employees, has been held in jail charged with inciting a riot.

#### Issues Proclamation.

Mayor Johnson has issued a proclamation in which he requests the people to keep from the car barns and other property of the company. He also commands them not to interfere with the operation of the trolley lines.

Under command of Superintendent John C. Croome, the three troops of State police rode into Chester shortly after 10 o'clock and proceeded to the car barn of the Traction Company. Each policeman was in fatigue uniform and armed with a carbine, a large colts revolver and a pocket revolver and three belts of cartridges. Large crowds saw the troops pass through the streets, but no demonstration was attempted.

### SELLING OUT MRS. LESLIE CARTER-PAYNE

## TO SELL OUT ACTRESS

Household Furnishings of Leslie Carter-Payne, Valued at \$30,000, to Be Auctioned to Highest Bidder.

NEW YORK, April 17.—The entire household furnishings of Mrs. Leslie Carter-Payne, the actress, will be sold to the highest bidder beginning next Wednesday. Her effects are said to be valued at \$30,000 and consist chiefly of antique furniture, portraits, oil paintings and lace.

Miss Norma Munroe, once a companion of the actress, made an effort to secure the furniture for an alleged debt. Mrs. Payne is heavily in debt.

## TO EXTEND KEY ROUTE LINE

Company to Apply for Further Franchise to Twelfth and Union Streets—Block Already Purchased.

Projected Key Route line is:  
From Twenty-fourth street and Poplar street to Twelfth and Union streets, where a station will be erected. The projected line will run along Poplar street to Fourteenth, where it will swing through block 575, 97 feet south of Fruitvale, into Twelfth and Union. The whole block, bounded by Fourteenth, Poplar, Twelfth and Union streets, has been bought up by agents of the Key Route people at various times since last May at a cost, it is understood, of about \$80,000.

Whether or not application for franchise will be made down Poplar or Union street toward the water front, is not known at present, but it is supposed that such a move is in contemplation. The present down-town line after leaving Poplar street runs on Twenty-second to the Key Route Inn.

Majority Signed Already.  
Most of the people along the projected line have already signed, and it is only a matter of a short time when the application will be made. If the application for the franchise is granted by the city fathers the company will start work immediately.

It is believed that the intention of the San Francisco, Oakland and San Jose Company is to extend the Key Route line along Twelfth street, into the heart of the business section of Oakland, right through East Oakland to Hayward. Very likely then the road will be continued on through to San Jose.

#### Direct Line to San Francisco.

This change will give a direct route to San Francisco from the center of Oakland, its business section and from all the outlying suburbs in the direction of Hayward.

The company for many months past has been buying up property along the right of way.

Block 575, where the new station will be erected, was formerly the property of the Pope estate. It was subdivided and sold to various parties and some of these lots were bought by the Key Route agents in some cases they paying as high as \$55 to \$100 per foot.

The new station at Twelfth and Union will be centrally located, two blocks from De Fremery Park and in close touch with all lines.

#### Shortridge Argues For a New Trial

SAN JOSE, April 17.—C. M. Shortridge occupied the forenoon today in Judge Welch's court arguing his motion for a new trial of the criminal libel suit brought against him by Congressman E. A. Hayes, the result of the trial being his conviction. He will resume his argument at 2 o'clock.

## LOCK THE CASHIER AND A CITIZEN IN VAULT AND ESCAPE

### Most Daring Crime Since the Days of Jesse James; Posses Now in Pursuit.

COFFEYVILLE, Kas., April 17.—Two men entered the Citizens' State Bank at Chautauqua, twenty-five miles west of Coffeyville, at 9 30 this morning and after forcing Cashier C. C. Walterhouse and Del Easley, a business man, to enter the vault, locked them in, securing all the currency in sight, amounting to about \$3000 and escaped into the Osage hills, across the line in Oklahoma. Four posses are in pursuit and as the roads are muddy it is believed the robbers will be captured. The robbers secured but half an hour's start.

## NO CHANGE IN EVANS' ORDER

### Protests Sent Fleet Commander Asking That Ships Maneuver Sunday Not Heeded by Admiral.

PASO ROBLES HOT SPRINGS April 17.—Rear-Admiral Evans it is said, has declined to modify or change his orders in regard to the movement of the vessels of his fleet on Sunday, to which some protests have been made.

Upon representations made by the Church Federation and Sunday Rest League of Los Angeles, he acceded to their request and issued orders that there be no unnecessary movements of the ships on Sunday and that the officers and men should not participate in any parades or public functions on that day. This, (Continued on page 3.)

#### Were Both Well Dressed

The robbery was one of the most daring ever executed in this part of Kansas, the scene of many hold-ups on the part of the Daltons, Starr and other gangs of outlaws who, from time to time, have made their rendezvous in the mountainous country of near-by Oklahoma. Cashier Walterhouse had scarcely opened the bank at Chautauqua this morning and placed his currency on the counter ready for the day's business when the two robbers entered. The only other person in the place was Del Easley. The robbers, both of them well dressed, made their way leisurely to the cashier's window. One of them was a man well known about town and he commanded Walterhouse and Easley to throw up their hands. The latter two took it in the light of a joke.

#### Put Them in Vault

The serious intentions of the robbers were realized a moment later when they both drew revolvers and, pointing them at their victims, ordered them to get into the vault. Without further ado Walterhouse and Easley both complied. The robbers quickly slammed the door shut and then leisurely went about their business of looting the bank.

#### Put Money in Gunny Sack

First they drew down the window shades facing the street and locked the doors to prevent interference. When they scraped up all the money in sight they walked out the front entrance and up the main street. One of the men (Continued on page 3.)

## JOHN D. JR. IS ELECTED WITHOUT OPPOSITION

NEW YORK, April 17.—At the close of the annual meeting of the Bible class of the Fifth Avenue Baptist Church last night it was announced that John D. Rockefeller Jr. was elected vice-president of the class. Although at the start there were signs that friends of his opponent, W. E. Church, were trying to stampede the voters for their candidate, the chairman of the election committee announced that Mr. Rockefeller was elected unanimously. Fifty-three votes were cast, each ballot being numbered.

#### Gives Up His Life For Pet Kitten

NEW YORK, April 17.—Ten years old, Dominico Bello gave up his life for a pet kitten yesterday, being crushed under a large electric truck as he tried to rescue his pet. The kitten was unhurt. Edward Flaherty, who was running a truck of the New York Edison Company, stopped in East Thirty-ninth street as he turned on the power to proceed again the kitten ran in front of the truck. Thinking only of saving the kitten's life, Dominico plunged under the moving vehicle. One rear wheel passed over his chest, killing him instantly.

#### Thirty Italians Driven From Town

BLOOMINGTON, Ill., April 17.—Thirty Italians who have been employed by the Illinois Central Railroad at Clinton were driven from town last night by a mob who intimidated them with a fusillade of shots from guns and revolvers. There had been much indignation against the Italians since Mayor Edmundson received a Black Hand letter threatening his life. The Italians were charged with its authorship. The authorities have been unable to secure any clue leading to the arrest of the men composing the mob.

WEATHER REPORT.  
SAN FRANCISCO, April 17.—Forecast: San Francisco and vicinity and Sacramento Valley: Possibly showers tonight or Saturday; fresh south wind.  
San Joaquin Valley: Fair tonight and Saturday; light west wind.

## MICHAEL CASEY'S NEW MACHINE TO BE CRUSHED IN ITS BEGINNING BY MAYOR TAYLOR ET ALS

**No More 'Plums' for the Wily Politician at Expense of the Taxpayer--Stirring and Unexpected Break Between Friends.**

SAN FRANCISCO, April 17.—Mayor Taylor has sprung a decided political sensation. He declares that the evasion of charter provisions by Michael Casey of the Board of Public Works must end, and that employees in that department must be selected from the civil service list. All of which means that the mayor and others have come to the conclusion that Michael Casey is building up a political machine for himself at the expense of the city pay roll.

Under orders of Mayor Taylor, the civil service commissioners will immediately take away from Casey the appointing power that he has been exercising in defiance of the charter provisions and intentions. All of which is a great surprise to those who knew how close the mayor and Casey always were and who little dreamed that they would split so suddenly and so hard.

### To Help Out a Fallen Boss.

It is alleged that Casey is building up this new machine of his for the purpose of helping out a fallen leader who aims at being restored to power and office. Casey finds every one of the departments of the city hostile to him, excepting the Board of Public Works. He has been steadily at work, however, putting his friends on the pay roll and letting the city foot the bills.

Auditor Koster says that the demands of the Board of Public Works for the coming fiscal year are unreasonably high in many particulars. He points out that while the earning capacity of the city is only \$8,000,000 per year, the demands of the Board of Public Works total \$5,735,364.71. One of the biggest kicks is the raising of the salary of Engineer Marsden Manson from \$5000 to \$8000, and of Architect Tharp from \$4000 to \$5000.

The schools will cost \$1,500,000, the fire department and police expenses nearly the same, and the presence of the bubonic plague pulls the health department payroll up to nearly \$500,000. All of which must come out of the total \$8,000,000, in addition to the demands of the Board of Public Works for \$5,735,364.71.

### Some Casey Wants and Casey Methods.

In another instance they point out that the Board of Works wanted \$3000 to tear down the old city and county hospital, but when they did it by contract they found that the cost was only \$800, and so on down the line critics—meaning Mayor Taylor and his officials—tear up the plans of Mr. Casey. They also point out that when Casey wanted laborers to work on the sewers he asked for "windlass" men. There being no windlass on the civil service list, Casey was left free to make the appointments himself from his own list of political followers and hangers-on, thus adding 400 names to the payroll without civil service approval. And that's not all. Others of a higher position have been appointed. Mayor Taylor says he has lost confidence in Casey and that's why there is something doing.

## JUDGE REFUSES TO DISMISS CASE

Attorneys in Wilkins Case Have Heated Argument in Court.

The trial of Mark A. Wilkins, accused of the murder of Mrs. Verne Carmin, was continued yesterday afternoon until next Tuesday, at which time the defense will open its case. Yesterday afternoon, after a heated argument by Attorney Hugh McLauchlan, counsel for Wilkins, and District Attorney Brown, Superior Judge Melvin denied a motion to have the case dismissed.

"After court had adjourned the life was passed between McLauchlan and Brown, as it had been in open court. The two attorneys were on the verge of physical combat, when they were called to order by Judge Melvin, who ordered that McLauchlan keep within the record."

## USE OF ROCK QUARRY GRANTED BOARD OF WORKS

Additional Pumping Plants to Be Placed Near Lake Merritt.

Through arrangements with property owners the Board of Works has been granted the use of a rock quarry at Broadway and McAdam street for the term of one year, from which place rock for three improvements will be taken. A rock crusher is to be purchased and installed for the use of the city at the quarry.

The Board of Works is also to install two more pumping plants at Lake Merritt for street-sprinkling purposes. The pumping plants will be placed at each arm of the lake at a cost of \$300 each.

## TRYING TO KEEP OUT U. S. DOCTORS

Isle City Health Officer Does Not Want Federal Inspectors There.

A lively dispute, it is said, is brewing in Alameda between the health officials of that town and the government medical inspectors. A conference will be held tomorrow morning in the city hall in Alameda, at which the Alameda health officials, Dr. J. D. Long and District Attorney Brown will be present.

The dispute is said to be over the inspection of bodies in Alameda by the government doctors. Dr. M. W. Stidham, the health officer of Alameda, is opposed to the government doctors stepping in and usurping his duties, and contends that Dr. Long and his assistants have no right to interfere.

## WOULD BAR COMPANY FROM USE OF MAIL

W. A. Wright of 524 Sixteenth street was in San Francisco yesterday for the purpose of securing a complaint against the Oakland Aerial Company with the United States district attorney on the ground that the company had used the mails for fraudulent purposes. Wright claims to own four shares in the company, purchased at \$25 a share, and claims that the standing of the company and effectiveness of the wireless telephone was misrepresented. Captain of Detectives O'Brien, who is in receipt of communications from persons who question the company's standing has turned the affair over to the Federal authorities.

## WILL ATTEND REAL ESTATE CONVENTION

SACRAMENTO, April 17.—O. E. Hotte, W. J. Layman and A. J. Snyder arrived here today from Oakland to attend the State Real Estate convention.

## ANOTHER LAWYER CALLED TO AID PROSECUTION OF RUEF

**Veniremen Fail to Answer Summons**

(Special to The Tribune.)

SAN FRANCISCO, April 17.—When proceedings opened in the trial of Abraham Ruef this morning, there was added to the forces of the district attorney Attorney J. J. Dwyer, who was formerly a staunch supporter of the prosecution. Dwyer had been busy some time before Judge Dooling ascended the bench in consultation with Attorneys Heney, Cobb and Langdon, who have been in attendance almost all through the trial.

It has become evident to all who have watched the local situation that the prosecution is concentrating all its efforts in an endeavor to send Ruef to jail, and have massed their entire legal strength to that end, leaving only an assistant district attorney and a special gum shoe man to look after the trial of Tiley L. Ford.

### Schmitz Greets Ruef.

Eugene E. Schmitz was in court this morning in connection with a case, and he and Ruef shook hands cordially, chatting together for a moment, but holding no extensive conversation. It is understood that the former boss and the ex-mayor personally settled their differences out of the court jury and are now on speaking terms.

When the names of the jurors in the box were called this morning Marcus Lane, who was passed subject to challenge yesterday, stated that he was afraid that if he were sworn as a juror he might impede the trial by sickness, as he was suffering from eye trouble. He was excused by the court with the consent of both sides.

As only eleven of thirty veniremen summoned on the jury panel appeared in court, Ach objected to further proceedings on the ground that proper return had not been made by the sheriff. That officer's statement showed that he had left the summons in various cases in the hands of wives, servants and other persons, that in all instances the return was signed by Deputy Sheriff Kelly.

### Jury Box Filled.

He maintained that as Kelly had not

made all the returns he should not have signed the document and he wanted to bring evidence to show that the panel had not been properly summoned. Judge Dooling overruled his objection and three jurors remaining on the old panel and two of the eleven new veniremen were called to the box. Their names are Timothy Mcweeney, Newton G. Cohen, John L. Ratovich, Norris Haas, and Nathan Reese. Heney immediately began the examination of Mcweeney, who is a saloon keeper, doing business at 609 Railroad avenue, section 22. He said he had no opinion, that he did not know the defendant, that he had not paid any particular attention to the case, and thought he could try Ruef fairly.

Asked as to his politics, he stated that he had been a delegate to a Democratic convention. Mcweeney was passed temporarily subject to further examination by both sides, as were also Newton G. Cohen and Morris Haas. John L. Ratovich and Nathan Reese were excused because of opinions, and F. Selma, who was next summoned, was let go for the same reason.

Giuseppe Andriano and John Louis Veruel were called to the box. Each was satisfactory to both sides, and they were passed after preliminary questions, subject to further examination.

The box being again full, counsel for the prosecution proceeded to further question George Bartley, who was temporarily passed yesterday. Heney passed him and Ach took him in hand.

Bartley maintained that he could be a fair juror, but seemed greatly puzzled by some of the long questions of the defendant's attorney.

The Ruef immunity contract was the next subject of questioning by Ach. Bartley admitted that he had read the purported copy of that document in a morning paper. The taleman was challenged by Ach for cause. Heney denied it and asked several more questions, and the taleman stated that he had a general opinion of Ruef's guilt, but none in this particular case. Judge Dooling denied the challenge and Bartley was passed subject to peremptory challenge. Court then adjourned until 2 o'clock.

## 'GUM-SHOE' BURNS DESERTS THE FORD TRIAL, AS DOES HIS MASTER

(Continued from Page 1.)

or not the supervisors received bribes?" "I told you before what my opinion is," said the taleman, curtly. He was excused.

Charles F. Harny, a contractor, joined the line of people who would not convict the defendant. After informing O'Garra that he had an opinion in the matter, O'Garra asked:

"Have you expressed an opinion in this matter?"

"I have."

"What have you said?"

"I said that the prosecution was carrying this business too far and that it was hurting business."

"How long since you expressed the opinion?"

"A number of months."

**Against the Prosecution.**

"How many times have you spoken about it?"

"I couldn't state."

"Did you ever express an opinion in favor of the prosecution?"

"No; I have a settled opinion against the prosecution."

"On what do you base your feeling against the prosecution?"

"Well, this case has been tried twice."

Harney was allowed to go. Isaac Jacobs was practically of the same mind as Harney.

"I have had," he said in reply to O'Garra, "an opinion in this case. I have had it since the last trial of Mr. Ford. I have felt for a year past that the prosecution did wrong in allowing the supervisors to go free. I wouldn't believe any one of the supervisors under oath."

Jacob was permitted to leave.

J. Lang, a contractor, expressed himself in favor of the defendant. O'Garra asked how his mind had received an impression as to the innocence of Ford and he replied:

"I have had the opinion for some time, especially since the last Ford trial. My partner was on that jury."

**Sympathy for Defendant.**

"Is it a bias or prejudice you have against the prosecution?" asked O'Garra.

"I do not feel that I should be able to render a verdict of guilty against the defendant."

"You don't feel you could render a verdict of guilty?"

"I have a feeling of sympathy for the defendant."

Lang was allowed to go.

James A. Ryan was also excused. He had, he said, a special feeling in favor of the accused. He had had that opinion before the trial of Ford, but it was strengthened after the trial in which Ford had been acquitted.

John P. Leonard was passed by the prosecution and was submitted to a lengthy examination by Stanley Moore. He had formed an opinion after the last trial. Prior to that he had no opinion. At the same time Moore drew from him an admission that he had had some leaning toward the prosecution. Leonard was challenged by the defense. The challenge was denied by the prosecution and was disallowed by the court.

### AFTERNOON SESSION

(SPECIAL TO THE TRIBUNE.)

SAN FRANCISCO, April 17.—Eleven talemen were examined up to noon today in the Ford bribery case in Judge Lawrence's court and all of these, with one exception, were excused because they swore they believed that T. L. Ford, the defendant, was innocent of the charge preferred against him.

A number of them went further and swore that they were hostile to the so-called graft prosecution, and others asserted that they had no use for Spreckels, Heney or Langdon, and would not believe the supervisors or Bulletin under oath.

### Citizens Think as Talemen.

The single exception among the talemen who held these views was John P.

Leonard, whose mental attitude was difficult to determine, but who was passed by the prosecution and is now subject to peremptory challenge. The challenge for bias, on the part of the defendant, having been disallowed by the court. One of the leading merchants of the city who was in court during the morning proceedings declared that he writes in his opinion the views of the prosecution, expressed by the talemen, represented the sentiment of the residents of the city with respect to the alleged graft prosecution.

**Cohen Is Examined.**

At the close of the morning session there were in the jury box eight men sworn to try the case, three talemen who had been passed, and who are now subject to peremptory challenges. Tobias Cohen was under examination. At 12:45 o'clock the court ordered a recess until 2 o'clock.

At the opening of the afternoon session Tobias Cohen said he had an opinion in the case for many months.

"Did you approve of granting immunity to the supervisors?" O'Garra asked. "I did not."

"You do not believe they ought to be allowed to go?" "I do not believe that they ought to be allowed to go."

"Why?" "I don't like the action of the prosecution."

"What particular act of the prosecution caused your displeasure?"

This question was objected to by Stanley Moore, but the objection was overruled by the court.

"I didn't believe," said Cohen, "that some of the defendants should be allowed to go and other persons should be prosecuted."

"You would be in favor of acquitting the defendant no matter what evidence might be introduced because the supervisors were allowed to go free?"

"Yes."

## PERKINS SEEKS TO INCREASE NAVY PAY

WASHINGTON, April 17.—As a welcome to the shores of California, Senator Perkins has introduced an amendment to the naval appropriation bill granting the officers and men in the navy an increase of pay ranging from twenty-five per cent for the men to about forty per cent for some of the officers, and averaging in the neighborhood of thirty per cent. The House cut out the increased pay item Wednesday, so Perkins will try to get it through the Senate. He thinks he can do this.

## THIN PEOPLE

Of Oakland, Try This.

Weigh yourself. Take Vinol a while. Weigh yourself again. The gain in flesh, strength and appetite will be better arguments for Vinol than all we can say.

This is because Vinol contains in a concentrated form all the medicinal elements of cod liver oil taken from fresh code livers, but it is a better body builder and strength creator than cod liver oil or emulsions because the useless, indigestible and nauseating oil has been eliminated and peptonate of iron added.

Vinol creates an appetite, strengthens every organ in the body, tones up the digestive organs, makes rich, red blood and firm healthy flesh.

As a body builder and strength creator for old people, weak women, delicate children, and after sickness and for pulmonary troubles, Vinol is recommended by over 5000 of the leading druggists of the United States.

So sure are we of what Vinol will do that we refund money to those who try Vinol and are not benefited. The Owl Drug Co., Oakland, Cal.

## DR. FRANK ADAMS HOME FROM EUROPE

With Wife and Daughters Spends Year Across Atlantic.

After an absence of one year from this city Dr. Frank Adams returned from Europe last night with his wife and two daughters, Nellie and Camille, who accompanied him throughout his European trip. Dr. Adams has practiced in this city for the past twenty-five years and is one of the leading physicians of this State. During his European trip he studied the methods of the most famous surgeons in Germany, France, Italy and Switzerland. In Berlin he studied under Professor Eiler, who succeeded Prof. Koerber of the old Clinic, and a man of great reputation. Dr. Adams visited hospitals and clinics in eight different countries of the world, and carefully studied the methods of the great surgeons.

Speaking of his visit to the hospitals Dr. Adams said:

"I am not ready to say that the surgeons of Europe are far ahead of those of the United States. I think I have seen as good surgery in the United States as anywhere in Europe."

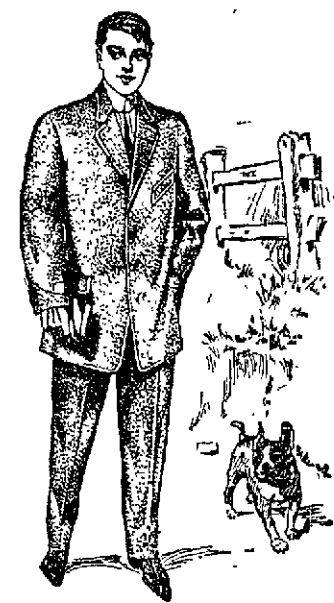

"I think America ought to be proud of her hospitals and clinics."

"I am going to give up the practice of medicine and confine myself to surgery and consultation. I wish to make that announcement and stay by it. I am glad to get back to California, the most beautiful spot in the world."

## STRINGENT AUTO LAW PROPOSED

City Council Committee Will Consider Measure Regulating Speed and Routes.

Automobilists and motorcyclists will have to observe stringent regulations if there is passed an ordinance which was before the ordinance and judiciary committee of the City Council last night. The proposed measure was read before the committee and action was postponed for a week as automobilists will be asked to appear before the committee and make suggestions.

City Attorney McElroy stated that he had looked over the automobile ordinances of all the large cities in the country and that he had drafted the proposed ordinance which was before the committee so that it is similar to the law in force in Denver.

The proposed ordinance provides that the speed limit within the district bounded by Fourteenth, Clay, Seventh and Franklin streets, shall be ten miles an hour, outside of this district eighteen miles and in turning corners six miles.

It is further provided that all machines must keep to the right side of the street; that a machine must pass another to the left; that stops can only be made near the curb; that when a start is made a signal either audible or by sign of a hand or whip, shall be made. The penalty provided is a fine of \$500.

## COUNCILMEN BALK AT PAYING BILLS

Committee Refuses to Sign Demands Incurred by Board of Health.

The auditing and finance committee of the City Council last night balked at the expenditure by the health board of \$225 for the printing, in four languages, of 30,000 posters relating to bubonic plague. The members of the committee refused to sign the demand and it was referred to the Council, without recommendation.

The posters were printed in Italian, Portuguese, Chinese and English. They were distributed broadcast over the city.

This is a fearful, averred Councilman Pendleton, chairman of the committee, "It is a shame that this committee should be asked to pass such a demand."

The other members of the committee agreed with Chairman Pendleton and Dr. Long, the government doctor, who is handling the sanitary campaign in this city, was called before the committee.

When asked about the demand which was objected to by the committee, Dr. Long declared that it was necessary to print the posters in four languages in order to notify everyone to clean up their premises.

The committee also refused to recommend a demand of the Maxwell Hardware Company for \$200 for 1000 rat traps and other paraphernalia used by the health board.

## TAFT DENIES THAT HE IS TO RESIGN

WASHINGTON, April 17.—Secretary of War William H. Taft today denied that he had any intention of resigning at the close of Congress. When asked if there was any truth in reports of his resignation, he said:

"There isn't anything in it so far as I know."

"Who will we go to if you don't know?" asked a newspaper man jokingly.

"I don't think you will find any one closer to the situation than the person you are talking to now," laughingly replied the Secretary.

He said he had in no way changed his purpose as to resignation.

## HOME TELEPHONE COMPANY HAS SPENT OVER \$850,000

Louis Beeby Makes Report to City Council.

Louis S. Beeby, vice president of the Home Telephone Company, sent to the auditing and finance committee of the City Council last night his report of the expenditures made by his company in this city between April 1, 1906, and April 1, 1908, and the report shows that \$850,000 has been expended. The franchise granted to the company provides that a report be made as to the expenditures and Beeby complied with this provision. Beeby states that the \$850,000 has been expended by his company in the purchase of land, the erection of buildings and the establishment of a system.

The committee recommended that the report be filed.

It was recommended that \$499 be appropriated for the purchase of copper for the electrical department. City Electrician Babcock stated that the present is a favorable time to purchase copper.

The committee recommended that \$499 be appropriated to erect a ratproof fence around the dumps at Twenty-second and Perilla streets.

It was recommended that \$5,000 additional be appropriated to continue the construction of the storm sewer at Twenty-second and Grove streets. It is thought this amount will complete the sewer.

The committee recommended that the Board of Public Works be authorized to insure the buildings in the corporation yard at Ninth and Fallon streets for \$7000.

City Wharfinger Greer presented his report for the month ending March 30, had been collected in dockage and tolls at the city wharf.

## MANY RESIDENTS RAISE PROTEST AGAINST SALOON

Council Committee Recommends Application Be Denied.

Residents in the vicinity of 4701 Telegraph avenue objected so strenuously to the establishment of another saloon in their district that the house committee of the City Council last night recommended that the application of C. Corning and L. Sampson to conduct a saloon at 4701 Telegraph avenue be denied. Many of the protesters appeared before the committee and asserted that there were enough saloons in their neighborhood there now being eight. They objected to the establishment of another, saying it would be detrimental to their property.

The following applications for licenses were recommended last night:

L. and P. Aroney 903 Broadway; Germania Hall Association, 336-338 Webster street; J. C. Hansen, northwest corner Eleventh and Webster; William Kane, 454 Sixth street; J. H. ## DEATH FOLLOWS IN WAKE OF ELEPHANT

**Infuriated Beast Kills Woman  
and Injures Several in  
Fierce Stampede.**

RIVERSIDE, April 17.—Death and destruction followed in the wake of a stampede of elephants in this city early yesterday afternoon as the result of an explosion in the Standard Oil Company's storage tanks.

Miss Ella Gibbs, a church deaconess is dead; L. G. Worsley, a driver for the Standard Oil, is fatally injured, and half a dozen more are more or less seriously injured, not to mention the destruction to property in the business district.

About 1:30 yesterday afternoon a dull boom was heard and the Sello-Floto shows, which were encamped about two blocks from the oil tanks, quickly dispersed the crowds and lowered their tents. Frightened by this undue excitement, the herd of elephants became uncontrollable and charged through the east side of town, knocking down fences, outhouses and despoiling orchards. Quick action on the part of the keepers, however, was the means of rounding up all but the largest of the elephants.

**Enters Hotel Court.**

It was who did the damage. Changing his course, the infuriated beast dashed toward the center of the city, one mile distant. Turning into the court of the Glenwood hotel he cast his eye on Miss Gibbs, who was in the yard in front of the house.

The elephant pinned her against the house between his tusks, threw her to the ground and trampled upon her, crushing her chest and inflicting fatal injuries. The animal then proceeded to the court yard, the guests rushing, panic-stricken, indoors. D. F. Chapman, a guest of the house, attempted to swerve the animal from the court. He was knocked down and had several ribs broken and was otherwise injured.

The beast crashed through the door, walked through the barber shops and out into Main street, crossed the street and crashed through the heavy plate glass window in a store. Before being rounded up at a down town public stable the animal trampled on another man and seriously injured him with its tusks.

**Keeper Hurling Over Fence.**

One of the keepers attempted to subdue the animal, but was hurled over a high fence, sustaining painful injuries. Not until four other elephants were brought into the stable was the huge beast gotten under control and taken to the circus grounds. By this time the entire town was in an uproar. The ladies of the East Side were afraid to venture into the streets, fearing that the herd had not been captured.

The keeper of the elephants, whose name is not known, was the means of saving at least two lives before the big brute was again under control. At the corner of Orange and Seventh streets the elephant had thrown Frank A. Bird and was about to crush him with his full weight when the keeper came up close behind and fired three shots from a revolver into the elephant's neck. This caused the big beast to swerve around, his attention being attracted from his intended victim. In the meantime, however, Bird had sustained a broken leg and other injuries.

**Fires Bullet Into Animal.**

In the court yard of the Glenwood hotel D. F. Chapman was thrown by the elephant, and might have sustained fatal injuries had not the same keeper arrived on the scene in the nick of time. He fired the remaining four shots from his revolver into the elephant and the brute at once turned his attention from the man on the ground to his assailant. The left trousers leg of the keeper was ripped wide open by the infuriated beast and the leg was painfully lacerated. The flesh from the keeper's right hand also was torn away.

At the stable where the elephant was brought to bay, another of the circus attendants who assisted in the capture was severely bruised, although being rescued before any bones had been broken.

**Sits Still as Beast Passes.**

At the Glenwood hotel, Eva Howe, a guest, was sitting in a swing when the infuriated beast made full at her. She was about to flee, when the elephant's keeper, who was close behind, advised her to sit still. As a result the elephant rushed by her without molesting her.

It is reported that Worsley, driver of the oil wagon on which the fire started, is close to death and could not survive the day.

Miss Ella Gibbs, who died at 9:45 last night, was a deaconess in the First Congregational Church of this city.

**Injured Man Dying.**

With the exception of L. G. Worsley, the driver of the oil wagon, all the injured in yesterday's oil fire and elephant stampede are resting easily today. Worsley although still alive, has small chance of living through the day. The circus and elephants have left town to the relief of the taxpayers.

Wilton Luckay, the actor, was sitting by a window in the hotel Greenwood, which was shattered by the elephants. Although showered with broken glass Mr. Luckay escaped uninjured.

**KENILWORTH COAL.**

It is the cleanest coal on the market—almost entirely free from soot—has no clinkers and produces more heat than any other coal.

## SAYS BOGUS ELECTRICIANS HAVE DEFRAUDED PATRONS

**City Electrician Wants Stringent  
Law Passed.**

Councilman Elliot last night introduced before the ordinance and judiciary committee of the City Council a proposed ordinance which will regulate the registration of electricians.

The proposed ordinance provides that an electrician must deposit \$100 with the Board of Works, that he must register at the City Electrician's office and that a certificate of registration shall only be issued for a year.

City Electrician Babcock declared that the purpose of the proposed measure is to prevent "bogus" electricians from operating in this city. He declared that many residents had been defrauded by irresponsible electricians.

## Transfused Blood Saves Baby FIVE DAYS OLD Wonderful and Successful Operation Used as Argument in Favor of Vivisection

NEW YORK, April 16.—Physicians and surgeons are discussing with the keenest interest an operation recently performed by Dr. Alexis Garrel, head of the Rockefeller Institute, on the little daughter of Dr. Adrian V. S. Lambert of 29 West Thirty-sixth street, which they regard as most convincing proof of the value of vivisection.

Anti-vivisectionists are centering their attack on the Rockefeller Institute, and the fact that the operation was performed by one of the leading surgeons connected with it gives it a peculiar significance.

In itself the operation is regarded as one of the most remarkable ever performed. The child was only five years old and was suffering from purpura, a disease of which little is known. Its symptoms are a weakening of the walls of the arteries, so that the blood escapes from all parts of the body.

Dr. Garrel was called in when the life of the child was despaired of. The only possible hope lay in transfusion of blood. Dr. Lambert, the child's father, volunteered to give all of his own blood that was necessary to save the child's life, and Dr. Garrel understood the operation.

Dr. Lambert was strapped to the baby and one of his arteries connected with the child's blood vessels. His blood rushed from his big, healthy

body into that of the child with such good effect that the baby rallied almost immediately and is now not only out of danger, but fast gaining flesh.

Friends of Dr. Garrel, who declined to discuss the case, say that the operation would have been out of the question except for the skill gained from many similar operations on the lower animals.

"The fact that the child was only

five days old makes the saving of its life by the transfusion of blood one of the most remarkable surgical successes ever achieved in this country," said a physician who is familiar with all of the facts. "If Dr. Garrel had not performed thousands of similar operations on cats, rabbits and small animals of various kinds he would have been helpless in the case of such a small child."

## Woman Hater Repents

SPOKANE, Wash., April 16.—James Woolery, a pioneer packer, once wealthy, but during the last few years a public charge at Lewiston, Idaho, left one request when he died a few days ago, imploring the authorities to place the following epitaph on his tombstone:

A bachelor lies beneath this sod,  
Who disobeyed the law of God;  
Advice to others which I give:  
Don't live a bachelor as I did live.

Woolery was 57 years of age, and was known as a woman hater during the year he was in the Snake river country. Nothing is known of his early life, but it is believed he was killed by the only girl he ever loved.

Several years ago he expressed himself freely to an acquaintance, saying he was tired of living alone. Shortly afterward he was sent to the almshouse, where he passed the remainder of his days in advocating marriage.

## STILL YOUNG AND GAY, SHE CELEBRATES 101st BIRTHDAY

PHILADELPHIA, April 16.—If she chose to Mrs. Esther Hoge Patterson could fill columns of the woman's page with hints on how to grow old gracefully, but the gentle old woman who a few days ago celebrated her one hundred and first birthday anniversary refuses all claims to this important discovery.

She just shakes her head and smiles when she is asked how she keeps so young and enthusiastic, so modern in spirit and thought, and, above all, so much mistress of her faculties, though she has passed the century mark.

Mrs. Patterson received congratulations of hosts of relatives and friends. Children, grandchildren and great-grandchildren called at her residence, 1728 Spruce street, and wished her many returns of the day.

Mrs. Patterson is a loved and familiar figure among the older residents of the exclusive downtown section. On bright, warm days she drives in the park, and being a devout member of the Tenth Presbyterian Church, Tenth

and Spruce streets, she is known for her interest in religious matters.

The old woman has no prescription for a long life except a cheerful, philosophic disposition and a capacity to interest herself in current events. She eats and sleeps well at her advanced age and takes no special precautions against growing old.

The daughter of a well-known Presbyterian clergyman, Mrs. Patterson was born at Washington, Pa., on April 4, 1807. She married Joseph Patterson in 1828, and had several children. Three sons are still living, one of them, T. H. Hoge Patterson, resides at 4231 Walnut street. Mrs. Patterson died in 1868. Mrs. Patterson has five grandchildren and seven great-grandchildren among her descendants.

She is proud of the fact that she can trace the history of the nation back for nearly a century, and remembers the days when primitive modes of living were in strong contrast to the modern, luxurious manner of life.

In her stately old residence, on

Spruce street, she is still mistress, and every one bends to her gentle will. The old woman reads the papers daily and attends to her own correspondence.

One of her daughters was the wife of Charles Fieba Haseltine of this city, uncle of Princess Rospigliosi, whose divorce and remarriage created a sensation some time ago.

Mrs. Patterson is related to many of Philadelphia's oldest families, and among those who paid their respects to her were the society buds and matrons.

## Queen's Crown Is Worth \$600,000

The crown worn by Queen Wilhelmina of Holland on state occasions cost something like \$600,000. It was stolen by burglars in 1822 and could not be traced for two years. Then some of the precious stones belonging to the diadem were discovered in the United States of America, the remainder being recovered on Belgian soil.

## Princess Says: "Girls, Don't Marry Titled Foreigners"

NEW YORK, April 16.—"I am going to hunt for my husband, the Prince of Thurn and Taxis, if I have to go to the very end of the earth. If necessary I shall appeal to the Emperor of Austria for recognition. No titled foreigner shall have the privilege of being able to say that he was successful in finding a real American girl!"

Thus spoke the Princess Josephine of Thurn and Taxis as she stood on the deck of the White Star liner Baltic yesterday morning. James E. Brande and Joseph Weber, the legal advisors of the Princess, were at the pier to bid her voyage to her client. For months she had been trying to get some message from her husband, Prince Victor, a son of one of the noblest families in Europe, but in vain.

According to the Princess, lost the money at the race track. Then a demand for payment was made, and, being unable to meet his creditors, Prince Victor ran away, leaving his American bride to face the mourning and persistent creditors. And they were legion.

"Just before sailing, 'I am going abroad to find my husband, I have no doubt I shall be able to locate him. If he is afraid to come to America because of his many creditors I shall give him an opportunity to meet me where the American money-lenders cannot touch him."

"I hope my experience will prove a good and lasting lesson to every American girl who believes that there is nothing but happiness in store for her

when she marries a titled foreigner. I have tried the experiment. With me it has proved a sad failure."

"And if you don't find him, what then?" she was asked.

"Then I shall appeal to the Emperor of Austria," replied the Princess. "He will see to it, I know, that justice is done to an honorable American girl

who trusted a member of his official household."

The Princess' maiden name was Josephine Moffitt. She was born in Jacksonville, Florida, and before her marriage to Prince Victor, concerning which details are lacking, she was Mrs. William A. Pike, of Chicago. She has been a show girl in several Shubert productions.

## Misguided Patriotism

### Little Girl Still Clings to Confederacy

ST. LOUIS, April 17.—Madge Bartlett, aged 7, is a pupil in the Dexter School and one of the brightest, according to Miss Sayers, her teacher. The teacher noticed that Madge was the only one in the room who did not utter a word when the class began to sing "Marching Through Georgia."

"That song is a disgrace to the South," said the child. "and if I sang it, my dear old friend, Mr. Robert would turn over in his grave."

Madge referred to the late Rev. P. C. Robert, for twenty-nine years rector of the Church of the Holy Communion and a strong Southern sympathizer. The children of the class were given colored crayons and told to draw the flag of their country.

"Why, Madge, what flag is this you have drawn?" the teacher asked.

"It's the flag of the Confederacy," replied the little girl. "That's my flag. It's the only one I know."

## JEALOUS; SPANKS TEACHER UNDER ARREST

WILKESBARRE, Pa., April 16.—Edward Sullivan, principal of the Exeter borough public schools, was arrested recently, charged with beating Miss Anna Flynn, one of the school teachers in his building. Alderman Frank Brown held Sullivan under \$500 bail for trial for assault and battery, \$500 bail to keep the peace and fined him \$10 for disorderly conduct.

There is said to be a romance hidden behind the alleged attack.

Miss Flynn, who is quite pretty, is said to have preferred the attentions of a young college graduate to those of Sullivan. This made Sullivan angry and it is charged that he has been saying unkind things to her for some time.

Recently he is said to have gone to her room and taunted her until she lost her temper and struck him. He then bent her over the back of a chair, she charges, and struck her several times.

Pupils notified a school director who lives nearby and Sullivan's arrest followed, the charges being made against him by County Detective Edward Macin, because the girl did not want to prosecute.

## MATINEE IDOL AND PARTNER OF NORMA WHALLEY MARRIES AGAIN

First Wife Had Lots of Money and Backed His Schemes.

KANSAS CITY, April 16.—Previous marital troubles evidently held no terrors for Walter Newton Jones, a matinee idol, for he was married again recently to Miss Blanche Lillian Pixley, another professional, at Crown Point, Ind.

The bride is a resident of Chicago and knows all about Mr. Jones' matrimonial experiences. The wedding was performed by Judge Harry B. Nicholson.

It was only a month or so ago that Jones was legally separated from his wife, formerly Mrs. Fred Pulsifer and originally Miss Beatrice Champlain. Mrs. Jones obtained a decree of divorce largely through evidence relating to a love affair which involved a vaudeville actress whose name did not appear in published accounts of the divorce proceedings.

When he married Mrs. Pulsifer eight years ago, there was considerable comment concerning the action of the gay Walter in "jilting" pretty Norma Whalley, who at that time was his partner

in a vaudeville sketch.

Mrs. Pulsifer was rich and the couple lived for several years in a handsome residence at 4342 Drexel boulevard, until domestic troubles made the marriage separate. Mrs. Jones was a backer for her husband in several theatrical enterprises.

The comedian, with his wife's strong box to draw upon, was successful for a time, but in 1904 he surprised every one by going into bankruptcy, with debts aggregating \$225. His friends were informed that this act was necessary to keep him out of jail, but Mrs. Jones said it simply "was an advertising stunt."

Jones is known as the "hobo" comedian. He is the only comedian that ever made a hit as a matinee idol in a make-up consisting of red moss eyebrows, an enormous warty nose—his own invention—and a face scared and lined with grease paint.

Jones' last disastrous theatrical enterprise was the "Yankee Doodle Dandy" company, which proved a poor attraction.

## Lard Laden Stomachs

"Necessity" is the mother of invention. Lard is the father of indigestion.

More than half the indigestion in the country to-day is directly attributable to greasy, indigestible food prepared with lard.

Cottolene is the original anti-lard product. It was the first, and it is the best. It is purer, more healthful, and will give better results than any other shortening medium.

Just as the original is always better than the imitation, Cottolene is superior to its imitators. Ask your grocer for Cottolene, and see that our trade-mark, a steer's head in a cotton-plant wreath, appears on the label.

Cottolene is never sold in bulk; therefore, is a cleanly product, absolutely protected from all the odors and dust to which lard is usually exposed in the ordinary grocery store.

## HOW IS YOUR STOMACH?

Easy Way to Strengthen It and Get Well.

A good digestive system, one that acts so that you do not know that you have a stomach, is God's birthright to every man—to every woman. If digestion is weak, if food turns into gas, if you suffer after eating, if you are nervous, nervous and out of sorts—then the stomach is diseased and prompt action should be taken. W. A. Ennis, a well-known builder in Syracuse, tells an easy way to strengthen the stomach and get well when he writes: "Mi-o-na Stomach Tablets have done more for me in one week than all the doctors in two years I was under their care. Thanks to Mi-o-na, I can work once more, the first time in over a year." It is an easy thing to strengthen the stomach and cure indigestion by using Mi-o-na. Get a 50-cent box from leading druggists with their guarantee to refund the money unless the remedy does all that is claimed for it.

Ordinance and Judiciary Committee Favors Measure.

An ordinance providing that all garbage and refuse be removed from this city to sea, that \$54,000 be appropriated for this purpose and that the awarding of a contract to the lowest bidder, to remove the garbage to sea be ratified, was recommended by the ordinance and judiciary committee of the City Council last night. The removal of garbage from the city in this manner will probably commence on May 1. The barges which will carry the refuse to sea will land at Broadway for a time.

The Board of Public Works is authorized, under the proposed ordinance, to take charge of the removal of the garbage, which will cost about \$4000 a month. The scavengers will pay \$1000 a month and the city the remainder. The scavengers will be ordered to drive their wagons down streets east and west of Washington and Franklin streets and Broadway in approaching the wharf at the foot of Broadway.

# BEING HOUNDED BY 3 WOMEN CLERGYMAN SEEKS RELIEF IN SUICIDE

## WAS HEAD OF A WEALTHY AND SMART CONGREGATION

When Engagement Was Announced, Strange Woman Turned Up and Created a Scene---Bullet Ended It All Today.

"He Owes Me All the Love and Duty Belonging to a Wife, and I Shall Not Permit Him to Desert Me," Said Jealous Woman.

WOODBURY, N. J., April 17.—This quiet little town was greatly shocked today over the sensational suicide of the Rev. George W. Tomson, pastor of the Woodbury Presbyterian Church, and the subsequent developments which involved the names of at least three women of this place.

Mr. Tomson was found dead in the Newton Hotel today with a bullet in his brain. First those who knew him would not believe that he had committed suicide, but evidence was so strong that they had to admit it only too true. But the sensation caused by his suicide was as nothing compared with the conditions that were developed when the clergyman's friends searched for a motive for his act.

Now that the clergyman is dead there are many stories coming out as to the life he led, but how many of them are true it is impossible to ascertain.

At the coroner's inquest a verdict was rendered to the effect that Mr. Tomson had shot himself while suffering from aberration of the mind.

A week ago his engagement was announced to Miss Fannie Kenworthy, a wealthy member of the church.

When Mr. Tomson's engagement became known, a woman, who lived at the same hotel where he resided, began to circulate reports involving Mr. Tomson. This so aroused the women members of the church that on Monday last a delegation of them called at the hotel. There was a stormy scene, it is said, and as a result the woman left Woodbury that evening.

She had gone to the Pacific Coast, it is claimed.

### The Other Woman.

It is believed Mr. Tomson shot himself between 5 and 6 o'clock last evening. He attended a convention of a missionary society in the afternoon and delivered an address. He had an engagement to call on Mrs. Kenworthy last evening and when he did not appear, she telephoned to a prominent member of the church. A searching party was organized and efforts to locate him were made. At 12:30 last night his room at the hotel was looked into. The bed was untouched and the searchers went away. It is thought Mr. Tomson was lying dead on the floor on the opposite side of the bed at the time. It was there that the body was found today.

It is said by guests of the hotel that at the time of the announcement of Dr. Tomson's engagement to Mrs. Kenworthy, the clergyman and the other woman in the case had a violent scene. She is alleged to have said

that she would not permit any other woman to come between them.

"He owes me," she is alleged to have said, "all the love and duty belonging to a wife, and I shall not permit him to desert me."

It is also reported at a meeting of the Sunday school teachers held last Thursday night the woman, who was a member of Mr. Tomson's church, denounced Mr. Tomson, calling him, among other things "a hypocrite."

### Death Causes Shock.

The sudden death of Tomson caused a great shock in Woodbury, especially in view of his engagement to Miss Kenworthy.

Tomson came to Woodbury from Clayton, N. Y. about ten years ago. He built up the congregation of the church until it became one of the largest in south Jersey. He was married a number of years ago. His wife died about a year and a half ago, since which time he has been living at the Newton Hotel here. Miss Kenworthy was at her home here

## MANAGER AND ACTRESS WEDDED

Morgan had a short career on the vaudeville stage, where she attracted much attention and received encouragement to go upon the operatic stage. Actor managers praised her work. She had planned to go abroad to finish her musical education and perfect herself in singing from the various operas. Mrs. Morgan has a fine stage presence and while here she won the admiration of the theatergoers.

E. C. Morgan is manager of the Central Vaudeville Theater in Salinas. He is ranked among the prominent theatrical men of this State. When the news of Tomson's death was received by her.

## ESTATE SETTLED AFTER SEVENTEEN YEARS

Final Distribution Is Ordered by Judge Waste This Morning.

Final distribution of the estate of John P. Murphy, a nurseryman in Fruitvale, whose estate has been in the course of distribution for seventeen years, was ordered this morning by Judge Waste. The remainder of the estate is valued at \$12,996 and went to Murphy as the remainder of the estate of his wife, Mrs. Mary Murphy. The estate has been in litigation for seventeen years because of the difficulty in locating the heirs. Many bogus heirs appeared and had to be disposed of and it was five years after Murphy's death that the first real heir was found. Murphy's original estate amounted to about \$10,000, but subsequently the remainder of his wife's estate, \$12,996, was transferred to his estate. The \$10,000 portion of the estate was distributed some time ago and the \$12,996 remained. The distribution of this amount was ordered this morning by Judge Waste. Attorney John H. Markworth of Cincinnati came here to represent Mrs. Corbett and he was present in court this morning. Mrs. Corbett gets one-third of Murphy's estate in her own right, one-third as the executrix of the estate of David F. Fyfe, and the remainder goes to four heirs in New York.

## BUSINESS MEN RUN 'CUPID BROKERAGE'

Well-Known Chicago Merchants to Be Arrested for Backing Soul-Mating Concern.

CHICAGO, April 17.—Three business men, one of whom is a member of the South Shore Country Club and the others likewise well known, will be arrested during the coming week charged with conducting a "Cupid brokerage on the side." "We have evidence to convict three men who are prominent in business and social circles of running matrimonial agencies," said Seward S. Shinn, assistant United States District Attorney, last night. "These men, while not managers of soul-mating concerns, are the men who have put up the money for the business and are, in fact, those who derive the benefit from the fraudulent enterprises." "A crusade against matrimonial agencies has been started and before the District Attorney's office quits, these concerns will be driven from Chicago and this district. I expect that in two weeks twenty-two managers of various agencies will be arrested." "Since Marian Gray was convicted and sentenced for running a matrimonial agency," said Colonel James E. Stuart, head of the Chicago postoffice inspectors, "our department has secured evidence against the scores of 'soul-mating' concerns and has reported to the District Attorney's office. Many surprises will be sprung when the arrests are made."

## WILL DELIVER LECTURE ON 'THE PASSION PLAY'

Rev. G. W. White of the First Methodist Church to Speak Tonight.

Rev. G. W. White, pastor of the First Methodist Episcopal Church of this city will deliver his stereoscopic lecture, "The Passion Play," at the church this evening at 8 o'clock. Dr. White is eminently qualified to give this lecture in an instructive and entertaining manner, because of his having seen the play given at Oberammergau, the quaint little Bavarian hamlet, and also having personally met some of the principal actors in the play. As a lecturer under the management of the Blanchard-Venter Lyceum and Musical Bureau of Los Angeles, Dr. White was one of the most popular lecturers on the platform, as some of the following press notices indicate:

"The interest taken by the audience in following his graphic description and the stereoscopic views was profound. The pictures were excellent, and brought out the principal scenes of the play with unanticipated realism."—Hartford Sentinel. "The lecture by Rev. George W. White last night at the K-street M. E. Church was really one of the most entertaining and instructive discourses that has been delivered in this city. The speaker treated the subject of the 'Passion Play' from a viewpoint of a personal observer, and by means of a stereoscopic carried his audience with him."—Fresno Republican. "Dr. G. W. White's illustrated lecture on 'The Passion Play,' given in University church, was a great success. The attendance was very large. The speaker carried his audience in the deepest interest for one hour and a half."—Los Angeles Independent. "Dr. White's lecture on 'Oberammergau and the Passion Play' is a treat—Pomona Progress. As this is Good Friday, the lecture will be a source of spiritual uplift to those who attend. There will be no admission charged. A silver offering will be taken for the Ladies' Aid Society."

## CHICAGO SYMPHONY WILL PLAY TOMORROW

The great Chicago Symphony Concert Company will play at the Macdonough Theater tomorrow afternoon and evening. They will give a great performance.

## Musical Comedy.

McIntyre and Heath will be the attraction at the Macdonough Theater next Monday, Tuesday and Wednesday nights and Wednesday matinee in Klaw & Erlanger's big production of the musical novelty, "The Ham Tree," which has proved one of the greatest laughing successes the American stage has ever known. These comedians have no equals in the delineation of quaint negro characters, and they are funnier than ever in their career. "The Ham Tree." The book is by George V. Hobart, the lyrics by William Jerome and the catchy music by Jean Schwartz. Klaw & Erlanger have been most lavish in the brilliant and gorgeous production, and have surrounded their new stars with a company of real excellence. Prominent in their support are the statuesque Jeanne Towler, Carolyn Gordon, long a favorite with the Daily musical production, and Belle Gold. A special feature is the chorus of fascinatingly pretty girls, who do some wonderfully attractive singing and dancing specialties, and admitted by all who have seen "The Ham Tree" to have no equal.

## BOGUS POLICEMAN COLLECTING MONEY

Detectives are in search of a tall, unidentified individual who is posing as a policeman and who yesterday collected the sum of \$2 from Albert Rheiss, a butcher, whom he stopped and threatened to take to jail for providing his bicycle on the sidewalk. The man did not put up the \$2. The police said he was of the opinion at first that the man was an officer as he exhibited a star and told Rheiss that he was under arrest. The man impersonating an officer, told Rheiss description and address and told him to appear in the Police Court for trial. The police said he was told, but upon learning that he had been victimized, reported the occurrence to the police.

## WHO'S FROEB? THEY ASKED; ONLY A FEW KNEW

### One of New York's Democratic Delegates at Large Is a Surprise.

NEW YORK, April 17.—As soon as the Democratic leaders in New York, both victors and vanquished, recovered from the fatigue at the convention at which were elected delegates at large to the national convention at Denver, they began to inquire as to the identity of Charles Froeb. Mr. Froeb was elected a delegate at large to the national convention along with Alton B. Parker, former candidate for the Presidency; Charles F. Murphy, leader of Tammany Hall and successor to Richard Croker, and Lewis Nixon, one of the best-known of New York's Democratic leaders. Everybody knew all about them, but few knew anything more about Mr. Froeb than that he resided in Brooklyn. Patrick H. McCarron, the Brooklyn leader who was defeated in the convention, said he had never heard of Mr. Froeb. Investigation proved that mysterious delegate at large conducted a wholesale and retail liquor store in Brooklyn, and that he was found in his li-

tle office, receiving the congratulations of his friends. He was perhaps the most surprised man in Brooklyn. He had not the slightest idea that he was to be elected a delegate, and he had not attended the convention. He never had seen one of his fellow delegates, he said, and in fact, knew only one man who was high in the ranks of the party in New York, the leader of his district, Mr. Froeb was pleased and worried over his election. He has not yet decided whether he will accept. When the newspaper reporters found him Mr. Froeb declined to discuss candidates or platform or policies.

### FIND EVIDENCE OF COUNTERFEITERS

SACRAMENTO, Cal., April 17.—Evidence that counterfeiters have been working in this city was discovered yesterday when a family moving into a flat on Sixteenth street found pieces of glass on which were perfect impressions of 16 pieces. Scattered all through the flat were tell-tale evidences of the bogus coin artists. Quantities of plaster of paris which had been used as molds, bits of waste and unused metal were littered about the floors.

## DIES AFTER CARRYING A BULLET FOR WHOLE YEAR

Innocent Bystander Accidentally Shot When Gun Fight Occurs.

James Reilly, a salesman, 40 years of age died this morning at 756 Seventh street as the result of being accidentally shot at San Diego a year ago. The body was taken to the morgue where an inquest will be held. He leaves no relatives so far as can be ascertained in this city. At the time of the accident which resulted in death, Reilly was standing on the streets of San Diego when a shooting affray started between two men. A stray bullet from one of the revolvers struck Reilly. Since that time he has been an invalid and sank rapidly of late. Funeral arrangements have not been made.

## BABY'S LOCKET IS TRADED FOR COCAINE

Score of Wedding Rings Also Paid for Drug.

CHICAGO, April 17.—A baby's locket, given by its mother in payment for cocaine, to which she is a slave, was one of the exhibits in the Desplains street court yesterday.

## LITTLE GIRLS REQUEST ARREST OF AN ACCOSTER

Strange Man Tried to Make Date With Them.

On complaint of 13-year-old Beale Purves of 1314 1/2 Twelfth avenue and 14-year-old Lillian Copeland of 618 East Eighteenth street, J. H. Johnston is under arrest at the city prison on a charge of disturbing the peace. He stopped the two girls on the street last night and after asking the location of the postoffice, requested the girls to leave their homes that night and meet him. He was seen talking to them by Policeman E. W. Brock. When the policeman approached, Johnston took to his heels and was captured only after an exciting chase of six blocks. He insists that the children are mistaken in the charge made against him.

## WANT USE OF A WHARF TO LOAD GARBAGE FOR SEA

Southern Pacific Barge Must Have Room on Creek.

District Passenger Agent Forsyth, General Traffic Manager Lawson, J. E. Foulds of the legal division, and A. V. Baker, assistant division superintendent of the Southern Pacific Company, met with the Board of Works yesterday afternoon at 5 o'clock to discuss the temporary use of a wharf on the water front by the barge which is to be used by Wall Bros. in carrying garbage to sea. Broadway wharf is desired pending improvements which are to be made for the purpose on the Grove street wharf, but no final agreement was reached. The use of Broadway wharf is prevented by an injunction issued by the United States Circuit Court against the City of Oakland and the Southern Pacific Company by which neither can take possession. Both the city and the railroad company must consent to the use of the wharf provided it is used to prevent legal complications. The part of the wharf which the city would use temporarily is that east of the Oakland harbor ferry slip, where Geo. W. Arper recently erected a warehouse. The city seeks use of that portion of the wharf without litigation. A woman always expects some relative she never heard of to die and leave her a lot of money. Don't break up housekeeping by smashing the furniture.

# W. B. FAWCETT AGAIN HEADS RELIANCE CLUB

To Compete for Place in Olympic Games

At the annual meeting of the Reliance Athletic Club, held last night in the club rooms, Walter B. Fawcett was again elected president for the coming year. Fawcett has been president of the Reliance Club for the past three years, and under his leadership the membership has increased and the affairs of the club in general are in a better condition today than ever before in its history.

The work of the president has been made easier by the assistance of directors who have at no time shirked their duty and who have labored hard and faithfully for the club's welfare. The majority of the old board has been returned to office for another term. Those elected are as follows: Emil Fritsch, vice president, Dr. John T. Slavich, Dr. Percy Chambers, Dr. C. S. Weston, Clarence Head and C. E. Davis, directors.

WALTER FAWCETT.

**To Try for Olympic Games.**

It was decided that a delegation of boxers and wrestlers representing the club should go to Portland in a few weeks to compete in the tryouts for a place on the Western team to represent America in the Olympic games to be held in London, England, in July.

This is the first time in the history of athletics in the city of Oakland that athletes are to be sent from home by a local club to represent this city and this fact alone speaks well for the advertisement that the Reliance Club gives Oakland all over the country.

The coming year of the Reliance Club appears to hold better opportunity and greater advantages for the young men of the city than any before. The new amateur policy of the organization has proved a success, and with the track and field events that will be held this

year the Reliance Club for the first time in years will be well represented.

# WANT FORGER ON BIGAMY CHARGE

Arrested in Salt Lake City for Forgery, May Be Prosecuted by First Wife.

Held in Salt Lake City on a charge of forgery, Eurt A. Slocum faces an accusation of bigamy in Shasta county, brought by his first wife, who now resides at 1112 Alice street, this city.

Mrs. Slocum stated this morning that she married Slocum 12 years ago and lived in Sacramento up to the time he deserted her, a month ago. She then gave up everything and came here with her two children to live. Mrs. Slocum says that it is true she had a warrant issued last October against Slocum on the charge of bigamy and she seems satisfied that the law will take care of him.

Slocum was formerly a traveling salesman for the Shaw-Batchelor Hardware Company of Sacramento and is well known in commercial circles. He met Miss Leonora Lewis of Reading about 8 months ago, became engaged to her and they were married at her home in Reading. Shortly after their honeymoon the first Mrs. Slocum went to Redding and swore to a complaint charging bigamy. Slocum disappeared before the warrant was served and had not been heard of till his arrest in Salt Lake City.

# IN THE STATE

Stricken with Paralysis: Willows, J. S. West of Elk Creek was stricken with paralysis last night and is in a precarious condition. He is a brother of Postmaster John West of Willows, and has been prominent in the affairs of Western Glenn county for forty years.

Awakened by Fire: San Jose.—Mr. and Mrs. A. E. House and son Edward awoke early yesterday in their home on Maple avenue, near First street, to find the house ablaze. The parents slept upstairs and but for the appearance of a newspaper carrier and a neighbor they would have been burned to death. The mother was rescued through an upper window by means of a ladder, and the father was dragged out unconscious and seriously burned. He was taken at once to a hospital.

H. M. Howard, While on Spree, Frightens Occupants With Loaded Revolver.

R. M. Howard of 2025 Adeline street was arrested last night by Policeman Schmidt and this morning charged with disturbing the peace and drunkenness on complaint of Lattie Wilson, who resides with her parents at that address. Howard owns the house at 2025, which he rents to other persons, but occupies a room in the place. He is accused of going home last night under the influence of liquor and threatening those in the house with a revolver. He pointed the weapon at Mrs. Wilson and then, to frighten the occupants of the place, fired a bullet into the ceiling. Policeman Schmidt responded to a call for aid and found Howard on the bed in his room with the loaded revolver in his hand. He submitted to arrest without objection and was taken to jail.

According to the complainant, who is but sixteen years of age, and daughter of Mrs. J. C. Tinsell, who rents the house from Howard, the accused has caused trouble on previous occasions. He has been free with the use of his revolver and has caused his tenants to fear him.

## 100 WOMEN ATTEND BOXING BOUT IN BERKELEY

Battling Nelson and Eddie Hanlon Defend Manly Art in Speeches.

BERKELEY, April 17.—The Polytechnic Club presented its boxing entertainment last night, and 2500 people paid admission and declared it was worth the money. A feature of the affair was the presence of over 100 women, many of them University co-eds, and they entered into the spirit of the bouts with as much enthusiasm as the men.

The gathering of the pugilistic element was not as marked as the opponents of the show predicted. Battling Nelson, Eddie Hanlon and Stanley Ketchel were the chief stars and they behaved as well as the non-pugilistic citizen. Nelson made a little speech from the ringside defending the pugilists from the charges made by some clergymen that they are "undesirable" and bad.

Nelson remarked that the athlete was compelled to lead a clean life in order to conserve his strength. "We are even pronounced prohibitionists as the majority of you people of Berkeley," said he.

Sam Berger of the Olympic Club was master of ceremonies. Naturally the interest centered in the sparring exhibitions, but they were by no means as good as some other numbers. The Roman ring work of George Schiller, instructor of the Columbia Park boys of San Francisco, and the Indian clubs of the Alliance Club were the star pieces of the night. A wrestling bout between Roger Cornell and Bob Hopkins (called forth much applause).

Eddie Hanlon made a speech as well as Nelson, in which he expressed himself delighted with being able to be in Berkeley without the fear that he was transgressing the moral and social codes of the town.

The Budweiser quartet and the University cadets' band furnished song and music. Several dances between lesser lights completed the show.

There were eight boxing bouts of three rounds each in all. Nobody was hurt.

### COMMEMORATION OF THREE HOURS AGONY

BERKELEY, April 17.—Good Friday was celebrated in St. Mark's Episcopal Church with prayer and services beginning at 9 o'clock this morning. From 12 to 3 o'clock commemorative services of the three hours' agony of the Savior on the cross were observed. The Rev. A. L. Parsons, the rector, conducted the service.

At All Souls' chapel a quiet day of intercession was observed from 9 to 4 o'clock.

Last night being Maundy Thursday there was holy communion at St. Mary's and at All Souls', the ceremony of preparation for master communion.

## WIFE ARRESTED FOR VAGRANCY

Restaurateur Says He Cannot Curb Her Passion for Liquor.

ALAMEDA, April 17.—Victor Dell Santa, who conducts a restaurant at the corner of Lincoln avenue and Park street, caused the arrest of his young wife last night on a charge of vagrancy. She was taken into custody by Patrolmen Keyes and Moebus. Several hours after Mrs. Della Santa was booked at the city prison her husband secured her release on \$100 bail.

The woman is the mother of two children, the younger being an infant of a few months. Della Santa alleges that his spouse is addicted to drink and it is because of his inability to break her of the practice that he decided to have her arrested.

### ALAMEDA BREVITIES

Herrmann Sons to Install.—Enchanted Lodge, Order of Herrmann Sons, will install its newly elected officers next Wednesday night. Visitors from lodges in Oakland, San Francisco and other places will be present at the exercises. There will also be a number of grand officers of the order in attendance. A banquet and social will follow the lodge ceremonies.

Students Postpone Farce.—The date of the presentation of "The Private Secretary," which had been set for next Wednesday night, has been postponed until May 1. Other events that are to come off on Wednesday night caused the advance in the date of the performance.

A "Florodora Sextet" has been selected to appear in the farce. The members of the sextet are Miss Laura Russell, Miss Alice Taylor, Miss Edna Hickock, Miss Marjorie Emmott, Miss Dorothy Tisdale, Miss Theo Spaulding, and Messrs. Cary Troy, Edwin Anthony, Harry Kassebaum, Edward Greenwell, Meredith Parker and Edward Seagrave.

Stabbed Man Loses Rib.—John Dominick, who was stabbed with a stiletto nearly four weeks ago by a countryman during a quarrel at Centerville, has suffered the loss of one of his ribs, which was removed a few days ago by Dr. Mills at the Alameda sanatorium, where Dominick is a patient. The man who is charged with wounding Dominick is being held in the Alameda county jail awaiting the outcome of Dominick's injuries.

Patent Improving.—Relatives of former City Trustee Fritz Boehmer, who is in at a sanatorium in St. Helena, received word today that his condition is much improved.

## MORE IN TREASURY THAN THEY THOUGHT

Schools Will Not Close, as Conditions Are Better Than Expected.

BERKELEY, April 17.—It is not probable that the Berkeley school department will cut short studies and close about May 15, notwithstanding the hue and cry raised by the school board to this effect following the defeat of the bond election a week ago. The department is short of ready cash, but not as short as it feared. Town Auditor Hanson has been delaying into the subject and he declares that it is feasible to continue school for the full term, even if no relief should come from a bond issue. Hanson has not yet reached any figures to base his statement upon, but he believes that the allowance from the state and county school appropriation will be greater than anticipated, and that in an emergency the teachers would continue work upon the assurance that they would be paid another term for the unpaid balance this term.

### Brighter Report.

Auditor Hanson and Superintendent of Schools S. D. Waterman will have ready for meeting of the school board next Tuesday night a report of more rosy aspect than the doleful predictions of the past week by the school directors.

"Of course the board may not be pleased with the showing," said Hanson. "But I believe that the schools will not be obliged to close just the same. I will make public my figures only when the board is present, but I will say in advance that we have probably more cash in sight than we first believed."

### Lewis in Fight.

Incidentally President E. P. Lewis and the Chamber of Commerce have clashed over the question of the responsibility of the defeat of the bond issue. At the meeting of the board Tuesday night President Lewis publicly declared that the Chamber had promised to support the bond issue, and that in reply, President Ocheltree this morning sent the following rather caustic rejoinder to the board and President Lewis.

"While we did all we could as individuals to carry the bond issue of \$400,000, still we did not give it that enthusiastic support that we would have done had you adopted it. Had you submitted the \$400,000 proposition, it would have been up to the Chamber of Commerce to make good on its promises and to carry the bond issue, and we believe the \$400,000 would have carried where the issue of \$250,000 failed."

The Chamber at its meeting last night appointed a committee composed of P. W. Rochester, E. B. Hallett, G. B. Milnes, F. W. Richardson, C. C. Juster and W. J. Mortimer to take charge of a campaign to boost both the bond and incinerator bonds and the school bond issue.

### FREEDHOLDERS BEGIN WORK ON CHARTER

BERKELEY, April 17.—The newly elected freedholders at their meeting last night adopted the following draft of the methods of holding elections and the term and duties of officials under the proposed new charter:

"First—A municipal election shall be held in the city on the second Monday in April in the year 1909, and in the second Monday in April in every second year thereafter.

"Second—The mayor shall hold office for two years.

"Third—The councilmen shall hold office for a term of four years from and after the first Monday in May after their election and until their successors are elected and qualified. Provided, that the councilmen first elected under this charter shall at their first meeting so classify themselves by lot that two of them shall hold office for two years and two of them for four years.

"At each regular municipal election after the first, there shall be elected two councilmen."

The question of giving women suffrage in the election of school directors was discussed but no action taken.

### MARRIAGE CEREMONY WAS FALSE, IS CLAIM

Mrs. Mary Crane was granted special letters of administration of the estate of her husband, the late Harry H. Crane, by Superior Judge Wafa this morning. Mrs. Crane stated in her petition that it was necessary for her to produce the letters of the late, that she be given special letters. She is a resident of Sunol. Carlston C. Carlson, brother of decedent, has filed a contest to the will, alleging that it was drawn while his brother was under the influence of the late Mrs. Crane. He also alleges that Mrs. Crane was never married to his brother and that she forced him to go through an invalid marriage ceremony in order to get his property.

## CO-ED CLUB INITIATES FIFTEEN

MISS EDITH MCGRAW.

## Prytaneans Hold Ceremonies at Beta House.

BERKELEY, April 17.—The Prytanean Society of the university held initiation exercises last evening at the Gamma Phi Beta home on Le Conte avenue. Fifteen new members were initiated as follows: Marion Cotrel, Lilian Cotrel, Helen Eschenburg, Jessie Bowers, Esther Phillips, Louise Phillips, Alice Jones, Edith McGraw, Helen Pinkham, Grace Davis, Martha Chickering, Lucile Daniels, Helen Hill, Bess Goodwin and Bernice Kelly.

## DEEDS PROPERTY TO SECURE LEASE

W. H. Crocker Comes Into Control of Lot on Washington Street.

The property at the southeast corner of Fourteenth and Washington streets has been deeded to William H. Crocker, trustee, by Adolph Uhl of the Mercantile Realty Company of San Francisco, as security for a lease on the California Academy of Sciences building, on Market street, near Fourth, San Francisco. The security is for \$50,000.

The local property was deeded to Uhl by the Uhl Estate Company, and he in turn deeded it to Crocker as security for the lease on the San Francisco property, which was leased by the Mercantile Realty Company.

## IMPROVEMENT CLUB FOR CONSOLIDATION

Peralta Park Organization Adopts Resolution to This Effect.

BERKELEY, April 17.—The Peralta Park Improvement Club believes that the best interests of Berkeley would be served by consolidation with Oakland and adopted a resolution to that effect at its meeting held at the home of late Mrs. Schmidt, corner Rose and Sacramento streets. The resolution was offered by Winfield Schmidt, who said that the resolution was not purposely designed to put the club on record as definitely committing the members to the consolidation program but rather to get the subject before the members for discussion with a view of solving the problem of a double system of city and county taxes which were bearing heavily on Berkeley taxpayers.

C. A. Blank, one of the members of the charter freedholders' board, was present at the meeting and explained some of the ideas of the freedholders contemplate incorporating in the new charter. It was then that Schmidt brought up the question of taxation and said that the new charter would not lower the tax rate, but because of the fact that the town officials under the new charter will receive salaries, the tax rate might be raised. Schmidt said that the closing of the saloons and the exemption of church property from taxation had reduced the town's revenues and he said that the burden of taxation heavier than in the days past. He also said that the State University held mortgages on some Berkeley business property, and that this reduced the city's revenues. He said that the new charter would provide for the question of Berkeley taxes for public discussion, and not definitely place the club on record as favoring consolidation.

## CALL ELECTION FOR \$195,000 PARK BONDS

Berkeley Trustees Plan to Spend \$65,000 in Garbage Incineration.

BERKELEY, April 17.—At a special meeting of the board of trustees last night the ordinance calling for bonds for park purchases and the erection of an incinerator plant was adopted.

The election will be held April 29 and will call for \$195,000 in all. Of this sum \$65,000 is to be devoted to acquiring ninety-eight acres of land in the region north of Berryman station belonging to the Rearing Syndicate, known as the old Indian Burying Ground for park purposes and \$32,000 for the purchase of two blocks of land at Tenth and Virginia streets for a park in West Berkeley. The remaining \$65,000 will go for the purchase of a site and the construction of an incinerator at the foot of Harrison street.

H. M. Wright of the Ocean View Improvement club appeared before the board to protest against the continuance longer of the use of the Nickoll land, west of Corlito Hill, as a garbage dump. Wright declared that the people of Ocean View had submitted to the arrangement for the sake of peace and on the promise that the ground would be used by the scavengers for a few days. There was no sign of a discontinuance of the visits of the garbage wagons and there was a general feeling in the district that the town ought to find a dumping ground elsewhere.

"Unless you do," said Wright, "we shall be forced to seek an injunction." The board promised its effort to relieve in opposition to the views of Wright came a letter from the Chamber of Commerce declaring that the Ocean View people were not dissatisfied with the use of the Nickoll property.

## OAKLAND TAKES GRIM FROM THE SEALS

## GRIM AND KAUFMAN SIGN FOR BATTLE THE BEST AND LIVELIEST PAGE OF SPORTS

## GRIM AND KAUFMAN ARE SIGNED AT RELIANCE CLUB

Iron Man Wanted to Make Good Side Bet, but Delaney Would Not Allow His Man to Make Weight.

BY EDDIE SMITH.

Harry Harris and Joe Grim met Billy Delaney at the Reliance Athletic Club last night and agreed to terms for a six-round contest between Grim and Kaufman, the date to be set some time between the 9th and 13th of May. Grim is exceptionally confident that he will be able to win from Kaufman and that he will be able to get on with some of the champions at the twenty round game.

Some few days ago Harris, on behalf of Joe Grim, posted \$2500 with a stakeholder in San Francisco, which he announced was to go as a side bet for a contest between Grim and Kaufman. Harris, however, wanted Kaufman to make 175 pounds, if the side bet was to go, and this Delaney refused to consider. The veteran announced that while he had no doubt of Kaufman's ability to make the weight and be strong, he did not feel like taking the chance. He further said that it was his opinion that Kaufman today is a better fighter than he ever was before by a long way, and that the trick of beating Grim in six rounds did not appear to him as a very easy task, and for that reason he would absolutely refuse to make a weight agreement.

Harris insisted on some weight being agreed on and Delaney was just as stubbornly opposed to this insertion in the articles. Grim settled the affair by speaking up and saying, "Oh, make the match at any weight I can bear the fellow, and there's no use in talking about it." That settled it and the articles were immediately signed and everything leading up to a match between this pair has been done.

Grim will do some light training at Yacht Club and the last two weeks will be spent either in Oakland or San Francisco. Kaufman and Delaney will not doubt do the bulk of their work at Harbin Springs, where Delaney has trained Jeffries several times.

## Gans on Way Here.

Joe Gans will be here in a few days and then we will know who is to be his opponent in his coming contest. Jack Gleason, who has a contract on the services of the colored wonder, says that he has about completed arrangements with Jack Blackburn, and he feels that this will be his match for the month of May.

Packey McFarland has announced and insists in announcing that he is open to fight Joe Gans, but his stipulation that the contest must be of over twenty rounds puts a bar up against Jack Gleason holding the affair. McFarland will no doubt insist on a little time, when he is approached on the subject, or he may deny the statement altogether, for

A great rally in the last of the night wherein Happy Hogan's two-base hit brought in the winning run gave to the Commuters yesterday's ball game at Recreation Park in San Francisco, the final score being 4 to 3 in favor of the "Cubs." In the third inning, which was the first in which the "Cubs" had any luck, first, Wright lost a game that was a heart-breaker to the "Cubs" pitched a great seven-inning game, which the "Cubs" won in the sixteenth, but which umpire O'Connell gave to the Seals. Yesterday the Oaklanders made the third try and there was luck in the number.

Up to the eighth spasm the game was tied at three all. In the last period Hogan walked off a two-bagger and Scruggs came through with a dinky split, but which had played was made and Hogan scampered across the plate with the winning tally.

Good and bad news came to the "Cubs" and they all felt good to know that they had won one after playing three of the hardest games seen here in a long time.

Gaddy, a new-comer to Long's fold, started out to twirl for the Seals, but he found that he was not the man to do things to him that hurt Mr. Gaddy's feelings. The Oaklanders scored three runs off him in the first three innings. In the fourth inning the Seals had on their flapping legs and Oscar did everything that could be expected of him. But Danny's change was made too late.

The Seals played a good uphill game and showed a commendable fighting spirit, but they were doomed to lose the loose work of Gaddy of Kelseyville. In the fourth inning the Seals had on their flapping legs and Oscar did everything that could be expected of him. But Danny's change was made too late.

When San Francisco wound up their last ball game in the last night of the season, the game might go over into extra innings. Hogan, however, lapped out a double, and the Seals were out. These bad things were done by Scruggs. Gaddy was not hard for the Oakland bunch to locate. In the first inning Gaddy pitched to a double, and the Seals came in on a dinky hit by Scruggs. ## CHIT CHAT OF THE GAME

BY T. P. MAGILLIGAN.

In talking to a crowd of Washington sporting men the other day Bob Gansley, a former coast league star, told of a play that might be a good one to try in this league once in a while. Speaking of the play Gansley said:

"An outfielder, something to do besides catch flies and return base hits. If the gardener has a good arm and brains enough to calculate two lumps of sugar for his coffee he can often pull off tricks that will jolt the other side. Also, if the base-runner is real wise, said sprinter can beat the outfielder in his own game. I saw a runner once who showed me in Detroit last season."

"When a clean hit is made to the outfield, the runner always tears around the bag and makes a bluff of stretching the hit for another base. They almost invariably do this in a free and dashing manner and make it a long lead, in order to induce the outfielder to take a short bag ahead of them. Then, if anything goes wrong with the throw they make the bluff good. If the throw goes to that forward sack the runner sprints down and proceeds to nurse the one he is on. Now, I have caught many men by a sudden change of mind to the bag ahead, but the one that really surprised me was a good arm and you have got to know your runner, but it is surprising how many times on this stunt the runner will be taken completely by surprise and rush back to the base, there to be put out."

"I worked this trick when I was with Sioux City, and George Hutz, the Illinois University trainer and big-league scout, said it was one of the slickest schemes he ever saw. For years this has been one of my pets and I never knew it to go wrong, until last summer Sam Crawford came and made a single when I was playing right and turned a double. I saw he was not even thinking of second, so I whipped the ball to first. Instead of losing his head and trying to get back, as ninety-nine out of 100 players would do, Sam had watched me throughout and as soon as the ball left my hands he kept right on around to the middle station, making a sucker out of me."

"This showed me that the play was merely a guessing contest between fielder and base-runner, but Sam was the first who did outguess me, and it is still a matter of work outfielders could often tell."

"The funniest I ever saw was in Milwaukee in 1933, I think it was," quoth Captain Banley. "We had to stop the game there for about ten minutes because the air was full of swallows that the fielders could not keep track of the ball and had to keep ducking to prevent excited birds flying in their eyes. The birds seemed swarming all over the place, probably thinking they were up for a migration, and they seemed here and there in all directions about as high as our heads. Finally, one who seemed to be a leader started over the fence, and they all followed, leaving the field to us."

Joe Cantillon was the Milwaukee manager when the incident happened, and vouched for it.

That boy, Nick Williams, of the blonde locks continues to play a clever and clever game of baseball for Long's team. Williams is about the best first baseman in this league. Of course, Dillon is good, but no one can expect him to do anything but retrograde from now on, while Williams is coming along nicely. Nick has been hitting the ball nicely. He plays that first base with ease and skill, and the chances are that next season Nick will be asking for the cap and gown so that he can advance into major league company."

The Jacksons lost the game by errors and poor fielding. The boys played a good ball game, especially in the sixth inning, when they allowed the Valentinians to bring in six runs.

Next Sunday the Jacksons go to Pinole to play the team of that town. It is expected that they will show up better than the Sunday, as three fast players have been added to the team.

## Ball Games to Be Called Early

The management of the Oakland Coast League baseball team announced through Secretary H. S. Gammell this morning that all Tuesday afternoon games in Oakland will be called at 3:15 p. m. in future until further notice.

From the start this season the games have been called at 3:45, but many of the fans did not like that time and protested to the Oakland management.

## APTOS HANDICAP WON BY CRITIC IN BUSY FINISH

Gemmell, Top Heavy Choice, Loses Place to Burning Bush—Richard Dwyer Takes His Place at Barrier.

BY LEE DEMIER.

Six well-groomed speed-burners comprised the field in the Aptos handicap at six furlongs and the chief item of interest on yesterday's Williams race program. Gemmell, carrying top weight, was installed favorite and went to the post heavily backed at 9 to 10, but when the judges dropped the numbers after an exciting finish the best the "Montana marvel" could be awarded was third place. Critic, a fresh arrival from Arcadia, quoted at 13 to 1, closed with a tremendous burst of speed under a well-judged ride, and just got in time to score by the shortest of heads. Burning Bush set a stalling pace as the boys, thinking he had the race won, took things a bit easy, which undoubtedly cost him the purse.

Miller always had Nappa well in hand, sent him to the front when ready, winning the opener in a common canter. J. W. O'Neil, outgained Sea Sick for the place. Entrada played for a good thing, blew up early.

Johnny Miller's ally Mauretania encountered very little opposition from the large field of two-year-olds which lined up in the second race. Miller took no chances, however, and hustling his mount all the way won by six lengths. Sir Barry closed like a whirlwind in the stretch, but could not wrest the place from King Ferdinand.

Balmere was blocks the best of the large field which faced the tape in the third sprint. He was repeatedly shut off and did not get clear sailing till the stretch turn was made, then Mauretania set to work and they breezed by the leaders as if the field were tied, scoring by three lengths. Burns is entirely a race and easily disposed of Alevator for second place.

Another favorite was bowled over in the fifth, when High Gun easily took the fast-flying Billy Meyer into camp. Whurbet, heavily backed, was made then Mauretania set to work and they breezed by the leaders as if the field were tied, scoring by three lengths. Burns is entirely a race and easily disposed of Alevator for second place.

Owner Oswald Bianchi has presented Orcheta to a friend of his in Mill Valley.

Balmere was three weeks the best in the six furlong dash. The Ogden gelding, which was out off repeatedly, ran around his field and won the race by three open lengths from Zal.

Nappa, with Miller up, was a dake-walk to take the day's opener.

Thurbet, which was played until the cows come home, took the mile dash, bled just at the critical moment, and finished among the also's. Thurbet, who is a chronic bleeder, should not be allowed to start again until owner Fitzgerald could give to the judges that his horse is entirely cured of his ailment. The defeat of the gelding was an awful blow to the public.

Starter Dwyer handed both Jockeys McClain and Kirschbaum \$10 for misbehaving at the post in the first race. J. M. Stokes is here from Arcadia with Bonny Prince Charley, Succed, Creston, Kirkfield Belle and Antioch.

LEXINGTON, Ky., April 17.—John E. Madden returned today from Washington. He sold Obdurate to E. Hanna and Skyline to H. Harris. W. J. Young arrived here from Memphis with twenty horses. Jockey Cimmmins is here and will ride for C. McDowell. Steve L'Hommedieu got in today.

High Gun, at the pleasing odds of 11 to 1.

Thompson Wins From Dick Hart

REDDING, April 17.—Maurice Thompson of Boise home took the decision over Dick Hart of Chicago in a twenty-round fight here last night. The Butte man did the better work throughout. Hart covered up a good deal and he surprised every one with his staying qualities. Both men weight in at 133 pounds.

## New Heavyweight Wallops Old Middle

NEW YORK, April 17.—In a six-round bout with Stewart, a local veteran middle-weight of Summit Hill, Pa., had two ribs broken. Stewart beat him badly and the encounter was stopped by the referee in the fifth round to prevent Bonner from being knocked out. Bonner displayed wonderful game-ness. He was floored a half dozen times, and was badly punished about the body and face.

## Herrera to Meet Willie Fitzgerald

## McSpadden Will Be the Coxswain

BERKELEY, April 17.—McSpadden has been selected to guide the crew of the University of California in the intercollegiate boat race with Stanford and Washington universities. The selection of McSpadden was somewhat of a surprise, as it was thought that Myers would get the place. Myers was coxswain last year. McSpadden, however, makes up in cohesiveness what Myers has in experience.

## Sullivan Beats Sailor Carston

SAN DIEGO, April 17.—Danny Sullivan of Boston was given the decision over Stormy Carston, champion of the Atlantic fleet, in what was to have been a twenty-round fight here last night. Carston committed a foul towards the end of the third round. Up to the time of the foul the sailor had all the better of the going. In the third round he knocked Sullivan down in a neutral corner and he was so anxious to finish it up that he swung on the prostrate fighter. Referee Frank Smith promptly gave the fight to Sullivan. The sailor showed himself to be a good mixer.

## Joe Gans on His Way to the Coast

CHICAGO, April 17.—Joe Gans, champion lightweight of the world, passed through yesterday on his way to the coast, where he is to fight for Jack Gleason. Joe's original opponent was Battling Nelson, but the champion was wired to the promoters asking them to put him with Packy McFarland. Joe believes that such a match would be a great drawing card.

## Rally in Honor Of Track Team

STANFORD UNIVERSITY, April 17.—The athletic rally held in honor of the track team that will compete against the University of California Saturday afternoon proved more a smoldering demonstration against the student affairs committee that recently suspended forty-one students than anything else, but there were the usual fiery speeches of the men who are sure their team will win, closing with the serpentine dance about the campus.

Professor A. B. Clark, chairman of the student affairs committee, was one of the speakers and he was greeted by loud calls for Langgan, the suspended captain of the track team, who, however, was not in attendance.

Professor Woodard of the law department was the first speaker of the evening and said he would make the plea of confession and avoidance, remarking as an aside that confession didn't seem to do much good.

Cortez Shelton, the Stanford Carnot debater, likened the coming track meet to a contract, and declared that contracts could only be broken by an act of God or acts of the devil, and that he was willing further to fear from acts of the devil.

Following Dr. Angell came Trainer "Dad" Moulton, who said during the course of his remarks that he had had three track teams this season, the "Broken Down" and the real track team, the one with which he expects to win.

John Rilly was the final speaker of the evening and was anything but complimentary in his mention indirectly of the committee.

There are a number of noted dogs to be exhibited and the two days of the show promise much sport for dog lovers.

## Jacksons Lose To Valentines

Last Sunday the Jackson Furniture Company's team was defeated by the Valentines of East Oakland by a score of 10-1.

The Jacksons lost the game by errors and poor fielding. The boys played a good ball game, especially in the sixth inning, when they allowed the Valentines to bring in six runs.

Next Sunday the Jacksons go to Pinole to play the team of that town. It is expected that they will show up better than the Sunday, as three fast players have been added to the team.

## DELEGATES OF LEAGUES IN FAVOR OF CONSOLIDATION

### Suburbs Want City and County Government

Representatives from the various commercial and civic bodies of Oakland, Alameda, Fruitvale, Piedmont, Elmhurst, Melrose and Alameda met at the Chamber of Commerce last night and adopted a resolution favoring a consolidated city and county government. Articles were also incorporated in the resolution asking that candidates for the next Legislature be pledged to work for enactment of laws uniting the union of Oakland and the various suburbs. The resolution was adopted by a vote of 10 to 2.

#### All Speak in Its Favor.

Speeches endorsing the present movement to amalgamate all the east bay cities were given by H. C. Capwell, Frank K. Bilger, A. Jonas, Wilbur Walker and many of the other prominent citizens of the county. Attorney Cary Howard spoke of the movement from a legal viewpoint and stated that it would take at least three years for the consolidation to be put into effect.

According to the unanimous interpretation of law regarding this matter, further added Mr. Howard, "the county line must be five miles from the county seat. If this is so, we cannot consolidate without Berkeley and Emeryville, which they absolutely refuse to give up. However, we ought to have the present law amended and secure special enactment so Oakland can go ahead in this work independently of Berkeley."

#### Fruitvale for It.

E. F. Marwedell, from Fruitvale, brought out the significant statement that 90 per cent of the people in his district are working for city and county government. He stated that the resolution made by Assessor Dalton that \$1,250,000 could be saved annually in taxes.

Some of the members from the adjoining districts made remarks clearly understood by the organizations being in consolidation but not in annexation.

A good deal of attention was paid to the remarks of A. Jonas, the originator of the city and county government movement, who gave his reasons for consolidation from a business man's standpoint. Brief addresses were made by most of the delegates present. Frank K. Bilger presided at the meeting.

The secretary was ordered to forward copies of the resolution to all the civic and commercial bodies that were represented. The joint committee decided to hold the next meeting four weeks later.

The resolutions were as follows:

Resolved, That this meeting of improvement clubs and other organizations held in the Chamber of Commerce in the city of Oakland, on April 16, 1908, does now resolve and declare that it and the people it represents are heartily in favor of the formation of a city and county government of the present city of Oakland and such additional territory as may be desired to be included in the consolidated government.

Resolved, further, That we require of the persons who will be candidates for membership in the next Legislature from our respective communities that they carry out the spirit of the adoption of such legislation as will permit of the formation of a consolidated city and county government of the present city of Oakland and such additional territory as may be desired to be included in the consolidated government.

Resolved, That an executive committee be formed consisting of one member from each of the organizations represented here this evening to consider ways and means to carry out the wishes of the people of the proposed city and county.

Resolved, That this executive committee shall have the power to admit representatives of other organizations favorable to this measure.

#### Organizations Represented.

Those at the meeting were: Fruitvale Board of Trade—E. F. Marwedell, Charles E. Lee, Adolph Lorschach, W. T. Grubb.

Upper Fruitvale Improvement Club—

## CALLS ROOSEVELT BURGOMASTER OF AMERICA

### President of Holland Society Commends President's Work With Big Stick.

CHICAGO, April 17.—President Roosevelt was called the "Burgomaster of America" at the thirteenth annual banquet of the Holland Society of Chicago last night.

Thirteen tables were filled by the Hollanders, who celebrated the birthday of William the Silent, Prince of Orange.

"Theodore Roosevelt," said President Holker, "is of Dutch descent and he has shown his nationality by his resolution of the big stick." "The big burgomaster of the country, and is the one man in the country to whom all pay respect."

Dr. Saville Muzzy, associate leader of the New York Ethical Society, likened the Prince of Orange to Abraham Lincoln.

"The Prince of Orange suffered twenty years in his fight for the rights of common people," he said, "and in the darkest hour of his career was sustained by the big burgomaster of the country, and is the one man in the country to whom all pay respect."

George E. Roberts, president of the Commercial National Bank, told of the increased trade between Holland and the United States.

\$

 BARRELS OF  
MONEY TO LOAN
 
\$

Do you want money?  
Could you use some money right now?  
Is your mortgage due? If so, why not let me renew it for a term of years—then it cannot be “called” at a day’s notice. You will sleep more soundly at night if you let me help you. There are several reasons why you should deal with me.

I can tell you at once whether your loan is granted or not. The entire transaction is completed in my office. I handle the search, papers and insurance. You call once, sign the mortgage, and—get the money.

The interest is payable monthly or quarterly at my office, and the fee. Oh, yes! I charge a nominal fee for the service.

My loan department is an important one. Two thoroughly competent, well-posted men devote their entire time to it. And it is growing so fast that people say I make all the loans placed in Oakland. I don't make all of them, but—I make lots of them. I like to loan money. Can I loan some to you?

## Awry Eye Glasses

Glasses that set irregularly on the face injure the eyes. If yours are out of shape, ask our opticians to straighten them for you.

Eye-glasses or nose-pincers more readily become awry than do spectacles or those protected by over-the-ear supports.

You will find the Retfo eyeglass mounting little likely to cause troubles of this character, for it clings automatically, yet lightly, to the nose and maintains the lenses in proper position before the eyes.

If you get glasses without first seeing the RETFO, you have simply overlooked the newest and latest optical specialty.

## SAN FRANCISCO BREVITIES

**Estate Appraised.**—The inventory and appraisal of the estate of the late Levi Schilling were filed with the county clerk yesterday and show the estate to amount to \$34,382. There is no real estate and the bulk of the property consists of railroad stocks and bonds. The inventory and appraisal of the estate of Babette Gatzert, also filed yesterday, show her estate to be worth \$179,190, consisting of money, stocks and furniture.

**Fined for Selling Opium.**—An S. S. charged by Charles B. Whittier of the State Board of Pharmacy with having sold opium without a prescription, was fined \$50 yesterday by Judge Shortall. Sing's place is in Spofford alley.

**To Use X-Ray.**—Lieutenant William S. Bowen, who shot himself in the leg Tuesday evening while engaged at target practice, will undergo an X-ray examination today at the General Hospital at the Presidio. It is expected that this will disclose the exact nature of the wound and possibly throw light on the question whether the injury was accidental or premeditated.

**Injury to a Skull.**—Patrick Hughes, a laborer, whose skull was fractured by a fall from a wagon at the corner of Clementina and Sixth streets on Wednesday afternoon, died at the Central Emergency Hospital last night. Drs. Terry and Beasley operated on the injured man, but he was beyond recovery. He lived at 2328 Twenty-sixth street, and was 33 years of age and unmarried.

**Petition in Bankruptcy.**—C. Leon Canfield, a mining operator, filed a voluntary petition in bankruptcy in the United States District Court yesterday, with liabilities of \$24,313.80 and assets of \$5700.

**Motorman Acquitted.**—Harry Green, a United Railroads motorman, who was accused of assault with intent to do great bodily injury on Thomas Gosland on a San Bruno-avenue car last September, was acquitted by a jury in Judge Cooke's court yesterday. It was alleged that Green had struck Gosland with a conductor bar for calling him a vile name, but the evidence did not convince the jury that it was Green who struck the blow.

**Thrown from Car Steps.**—Patrick Murphy, 72 years old, and the father of a large family, was seriously injured yesterday afternoon about 4 o'clock in alighting from an out-bound Kentucky street car at Twenty-first street and Railroad avenue, south.

## BERBER FANATICS FIERCELY ATTACK FRENCH TROOPS Are Beaten Off—The Victory Is Costly

COLOMBE, Bechar, Algeria, April 17.—A French column moved on Tuesday Hill, which commands the plain of Tamlet, was attacked fiercely at daylight yesterday by a number of Berbers, who, with nomad Arabs, have been concentrating for some weeks past on the western frontier of Algeria. Although surprised, the French force rallied and fought desperately and not only beat off their adversaries, but pursued them for six miles. The French pursuit was stopped by darkness.

## KNOWLAND IN VIGOROUS DEFENSE OF MARE ISLAND Shows Critics' Figures Are Inaccurate

WASHINGTON, April 17.—Representative Knowland made an excellent defense yesterday before the House regarding Mare Island navy yard. It was in reply to the attack of Representative Lilley of Connecticut.

Although Knowland had but five minutes in which to speak, he showed that nearly all figures used by Lilley were either incorrect or were only partial statements of the facts.

He showed that when Lilley declared that the government was unable to dock a battleship in the new \$1,750,000 drydock at Mare Island he was talking about a drydock which was still under construction and could not, therefore, accommodate any vessel. He showed the House that Lilley, in stating the depth of water in the vicinity of the yard, had stated only the low tide depths.

**Figures Not Accurate.**

He pointed out that Lilley had taken into account only the small part of the work done at Mare Island in computing the amount paid for labor as compared with the value of the work done.

Knowland then quoted from the report which Lilley had used against Mare Island, and showed that Lilley had carefully avoided mention of the naval station at New London, in Lilley's own district. This station cost \$17,000 last year and did only \$300 worth of work.

"When, like Don Quixote, Mr. Lilley buckles on his armor, dons his helmet and in place of the lance substitutes the

pen and starting out, strikes out right and left, even venturing into submarine depths, I can but wish him Godspeed, for I know that his enjoyment is keen and that the country is amused if not enlightened," said Knowland, who then buried his bomb at Lilley on the New London, Conn., navy yard's supreme uselessness.

**Lilley Replies.**

Replying briefly, Lilley declared that his figures were obtained from the navy department and that he would just as soon abandon the New London navy yard as any other one should it be shown to be useless.

Townley vehemently opposed adoption without careful investigation of an amendment by Padgett of Tennessee, appropriating \$5,568,000 for repairs to 13 vessels, among which are the following: San Francisco, \$500,750; Alabama, \$667,000; Illinois, \$867,500; Iowa, \$557,500; Kearsarge, \$673,500; Kentucky, \$378,000; Hennington, \$105,750. The amendment was adopted without division.

## New Amusement Enterprise For This City

As fast as a score of carpenters, painters, electricians and decorators can work, the old Lakeview Rink on Twelfth street is undergoing another change, which, when completed will give to Oakland another new enterprise, a brand new up-to-date amusement feature that is bound to be a success.

Patterned on the lines of the Pavilion Dancing Company's handsome and commodious dancing auditorium at Sutter and Pierce streets, San Francisco, and of the same general style as similar dancing pavilions owned and operated by this company in Southern California and in other large cities, the Oakland Dancing Pavilion opens its doors on next Monday evening, April 20, inviting the general public and the devotees of the art of Terpsichore to come and enjoy the house warming.

Do not confound in your mind, this new enterprise with the public dancing academies with which you may be familiar. The conduct of the Oakland Dancing Pavilion will be, along entirely new and up-to-date lines. Public dancing will be elevated to a much higher plane. Rowdyism, rough or boisterous conduct will not be tolerated. Perfect order will be maintained at whatever the cost and in inviting the dancing loving public of Oakland and Alameda county to be present the management do so secure in the fact that each and every one will be well repaid by their attendance and the pleasing novelty of the many new features that await them.

There were no witnesses, and after waiting a short time Mr. and Mrs. Thomas Hayes, who were out strolling, came along. They agreed to be witnesses, and while Cresip and Miss Davis stood in the buggy under the arc light the Rev. Mr. Grimes performed the ceremony.
